# MARK II SAFETY User Manual

## Introduction

Thank you for choosing the MARK II SAFETY by Dayton Traister. This safety device is designed to enhance the functionality of your Mauser rifles (models M93, M94, M95, and M96) while ensuring safe operation. Please read this manual carefully to understand how to use and maintain your product safely and effectively.

## General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep the safety engaged until you are ready to fire.
- Ensure that the rifle is pointed in a safe direction at all times.
- Be aware of your surroundings and ensure a clear line of sight before discharging your firearm.
- Do not modify the MARK II SAFETY or any part of your firearm without consulting a qualified gunsmith.
- Store your firearm and safety device in a secure location, out of reach of children and unauthorized users.
- Regularly check the safety device for wear and tear, and replace it if any damage is observed.

## Specific Safety Precautions for Use

- The MARK II SAFETY is designed for righthand operation only. Ensure that you are using it as intended.
- Before installation, ensure that the firearm is unloaded and the bolt is removed.
- Be cautious when slotting the bolt sleeve during installation. Use appropriate tools and follow the instructions carefully to avoid injury.
- If you experience any difficulty with the installation or operation of the safety, consult a professional gunsmith for assistance.

## Instructions for Installation and Usage

### Installation Steps

1. **Prepare Your Firearm** Ensure the firearm is unloaded. Remove the bolt from the rifle.
2. **Slotting the Bolt Sleeve** Using a suitable tool, carefully slot the bolt sleeve as required for the installation of the MARK II SAFETY. Take care to avoid damaging other components of the firearm.
3. **Install the MARK II SAFETY** Align the safety device with the designated area on the rifle. Securely attach the safety in place, ensuring it is firmly seated.
4. **Final Check** Reinstall the bolt into the rifle. Test the safety device to ensure it operates smoothly and correctly.

### Usage

- To engage the safety, simply move the lever to the "safe" position.
- To disengage, move the lever to the "fire" position.
- Always ensure the safety is engaged when the firearm is not in use.

## Disposal Instructions

When disposing of the MARK II SAFETY or any related components, follow these guidelines:

- Dispose of the product in accordance with local regulations concerning metal and firearm components.
- If the safety device is damaged or no longer functional, do not attempt to repair it. Dispose of it responsibly.
- Ensure that all parts are out of reach of children and unauthorized individuals during disposal.

## Contact Information for Further Support

For any questions or concerns regarding the MARK II SAFETY, please consult your retailer or a qualified gunsmith. It is important to seek assistance from professionals who can provide the necessary support and guidance.

**Important Note:** Always stay informed about potential recalls or safety notices related to your product. You can check for updates on the EU's Safety Gate platform. Your safety is our priority. Thank you for your attention to these guidelines, and enjoy using your MARK II SAFETY with confidence.
