MARK II SAFETY User Manual

Introduction

Thank you for choosing the MARK II SAFETY by Dayton Traister. This product is designed to enhance the safety of your Mauser M98 and similar firearms. Please read this manual carefully to ensure safe use and proper installation of the MARK II SAFETY.

General Safety Guidelines

- Always treat firearms as if they are loaded.
- Ensure that the firearm is pointed in a safe direction at all times.
- Keep your fingers off the trigger until you are ready to shoot.
- Store the firearm and ammunition separately and securely.
- Regularly inspect your firearm and safety mechanisms for wear or damage.
- Follow all local laws and regulations regarding firearm ownership and use.
- Be aware of your surroundings and the potential hazards when handling firearms.
- If you are unsure about any aspect of firearm safety or operation, seek advice from a qualified professional.

Specific Safety Precautions for Use

- The MARK II SAFETY is designed for righthand operation only. Ensure that you are familiar with righthand usage before installation.
- Only use the MARK II SAFETY with compatible models: Mauser M98, FN, and similar firearms.
- Ensure that the safety is fully engaged when the firearm is not in use.
- Do not attempt to modify or alter the MARK II SAFETY in any way.
- If you experience any difficulty with the operation of the safety, cease use immediately and consult a professional.

Instructions for Installation and Usage

Installation Instructions

1. **Preparation:** Ensure your firearm is unloaded and in a safe condition before beginning installation.
2. **Slotting the Bolt Sleeve:**
 - Carefully slot the bolt sleeve as per the manufacturer's guidelines. This may require specific tools.
 - Ensure that the slot is smooth and free of sharp edges to avoid damage to the safety mechanism.
3. **Attach the MARK II SAFETY:**
 - Position the safety in the correct orientation and align it with the bolt sleeve.
 - Securely fasten the safety in place according to the provided installation instructions.
4. **Test the Safety:**
 - After installation, test the safety to ensure it engages and disengages smoothly.
 - Confirm that the safety operates correctly before using the firearm.

Usage Instructions

- To engage the safety, push the lever to the "Safe" position.
- To disengage the safety, push the lever to the "Fire" position.
- Always check that the safety is in the correct position before handling the firearm.
- Regularly practice engaging and disengaging the safety to ensure familiarity.

Disposal Instructions

When disposing of the MARK II SAFETY, follow these guidelines:

- Do not dispose of it in regular household waste.
- Check local regulations for proper disposal of firearm accessories.
- If the safety is damaged or no longer in use, contact a local firearms dealer or recycling facility for guidance.

Contact Information for Further Support

For any inquiries regarding the MARK II SAFETY, please reach out to your local dealer or manufacturer's representative. They can provide assistance and answer any questions related to the product.

By following these guidelines and instructions, you can ensure the safe and effective use of your MARK II SAFETY with your firearm. Always prioritize safety and consult professionals when in doubt. Thank you for choosing Dayton Traister.
