

# SCREW HEAD FILES - FRIEDR. DICK GMBH SCREW HEAD FILE SET

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Files](#)

## Cut New Or Recut Old Slots; The Right Way

High-quality, steel files designed for one purpose only to cut perfectly square screw slots every time. #7, #9, and #11 files cover the most common slot sizes. Smooth-sided to cut only on the edge. Will not widen the slot as it deepens, or damage the screw head. Cleans up marred slots on hard to replace screws or cuts slots in new screws. Use with Needle File Handles. These files are very thin for precise cutting. Sorry, cannot guarantee against bending or breakage. Sold individually or as a set.

# Safety Instruction Guide for SCREW HEAD FILES

## FRIEDR. DICK GMBH SCREW HEAD FILE SET

### Introduction

Thank you for choosing the SCREW HEAD FILES FRIEDR. DICK GMBH SCREW HEAD FILE SET. These highquality steel files are designed specifically for creating perfectly square screw slots. This guide provides essential safety instructions to ensure safe and effective use of the product, in compliance with the EU General Product Safety Regulation (GPSR).

### General Safety Guidelines

- Always inspect the files before use for any signs of damage or wear.
- Store files in a safe place, out of reach of children and vulnerable individuals.
- Use the files only for their intended purpose of cutting screw slots.
- Do not use the files if you are tired or under the influence of substances that could impair your judgment.
- Follow all local regulations regarding the use and disposal of tools.

### Specific Safety Precautions for Use

- Handle files with care to avoid injury. The edges are sharp and can cause cuts.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the files.
- Ensure that the workpiece is securely clamped or held to prevent movement while filing.
- Use the files with Needle File Handles for better control and safety.
- Avoid excessive force when using the files to prevent bending or breakage.
- If you notice any bending or damage to the files, discontinue use immediately.

### Instructions for Installation and Usage

#### 1. Preparation:

- Gather all necessary tools and materials, including the SCREW HEAD FILES and Needle File Handles.
- Ensure your workspace is clean and welllit.

#### 2. Using the Files:

- Select the appropriate file size for the screw slot you are working on (#7, #9, or #11).
- Attach the file securely to the Needle File Handle.
- Position the file at the desired angle against the screw slot.
- Apply gentle pressure and move the file back and forth to create the slot. Avoid pushing too hard to maintain control and prevent damage.
- Periodically check the progress and ensure the slot remains square.

#### 3. PostUse Care:

- Clean the files after use to remove any debris or metal shavings.
- Store the files in a protective case or designated area to prevent damage.

## **Disposal Instructions**

- Dispose of any damaged or worn files responsibly. Check local regulations for guidelines on the disposal of metal tools.
- Recycle materials whenever possible to minimize environmental impact.

## **Contact Information for Further Support**

For any inquiries regarding safety or product use, please refer to the manufacturer's contact details provided on the product packaging or visit the official website of FRIEDR. DICK GMBH.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective experience with the SCREW HEAD FILES FRIEDR. DICK GMBH SCREW HEAD FILE SET. Always prioritize safety and adhere to the guidelines provided in this document. Thank you for your attention to these important safety measures.
