[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Pliers & Tweezers](#)

Super Strength Box Joints For Maximum Precision

Perhaps no other tool on the bench is required to do more jobs than the Gunsmith's pliers - everything from getting up inside a small action and inserting a spring the size of a small hair, to holding red-hot rods while being formed. Because of the extremely rough, to extremely delicate, work done with pliers, just being tools isn't enough; they must be instruments. These pliers are manufactured by a company that has long specialized in QUALITY - respected for generations. They are of strong box construction. This gives the pliers greater strength and prevents loosening of the joints when doing twisting and turning operations. Finish: Polished steel jaws and joints. Each tool is guaranteed for quality and service. The manufacturer's slogan since 1824 has always been, "First Quality and Then Price". This manufacturing policy is of greater importance to the craftsman today than ever before.

Consumer Safety Instruction Guide for GERMAN MADE SPECIAL GUNSMITHING PLIERS NO. 137 ROUND NOSE

Introduction

Thank you for choosing the GERMAN MADE SPECIAL GUNSMITHING PLIERS NO. 137 ROUND NOSE by FRIEDR. DICK GMBH. This guide provides essential safety instructions to ensure the safe use of this tool. Please read this document thoroughly before using the pliers.

General Safety Guidelines

- Ensure the pliers are used only for their intended purpose.
- Always inspect the pliers for any damage or defects before use.
- Keep the pliers out of reach of children and vulnerable individuals.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when using the pliers.
- Do not use the pliers for tasks they are not designed for, as this may lead to accidents or injuries.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Avoid using the pliers near flammable materials or in explosive environments.
- Do not apply excessive force that may compromise the structural integrity of the pliers.
- Be cautious when handling hot materials; use appropriate grips to avoid burns.
- Ensure your hands are dry and free from oil or grease when using the pliers.
- Do not modify the pliers in any way, as this may affect their performance and safety.
- Always store the pliers in a safe place when not in use to prevent accidents.

Instructions for Installation and Usage

1. Inspection Before Use:

- Check the pliers for any signs of wear or damage.
- Ensure that the jaws and joints are functioning smoothly.

2. Using the Pliers:

- Grip the handles firmly but comfortably.
- Position the pliers at the correct angle for the task at hand.
- Apply steady pressure when gripping or twisting materials.
- Release the pressure slowly to avoid sudden movements.

3. After Use:

- Clean the pliers with a dry cloth to remove any debris or moisture.
- Store the pliers in a designated tool area, away from children and pets.

Disposal Instructions

- Dispose of the pliers in accordance with local regulations.
- If the pliers are damaged beyond repair, consider recycling the metal components where possible.

- Do not dispose of the pliers in regular household waste.

Contact Information for Further Support

For any safety inquiries or further support regarding the GERMAN MADE SPECIAL GUNSMITHING PLIERS NO. 137 ROUND NOSE, please refer to the manufacturer's contact points or your local distributor.

By following these guidelines, you can ensure the safe and effective use of your GERMAN MADE SPECIAL GUNSMITHING PLIERS. Thank you for your attention to safety.
