[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Pliers & Tweezers](#)

## Super Strength Box Joints For Maximum Precision

Perhaps no other tool on the bench is required to do more jobs than the Gunsmith's pliers - everything from getting up inside a small action and inserting a spring the size of a small hair, to holding red-hot rods while being formed. Because of the extremely rough, to extremely delicate, work done with pliers, just being tools isn't enough; they must be instruments. These pliers are manufactured by a company that has long specialized in QUALITY - respected for generations. They are of strong box construction. This gives the pliers greater strength and prevents loosening of the joints when doing twisting and turning operations. Finish: Polished steel jaws and joints. Each tool is guaranteed for quality and service. The manufacturer's slogan since 1824 has always been, "First Quality and Then Price". This manufacturing policy is of greater importance to the craftsman today than ever before.

# Safety Instruction Guide for GERMAN MADE SPECIAL GUNSMITHING PLIERS

## Introduction

Thank you for choosing the GERMAN MADE SPECIAL GUNSMITHING PLIERS by FRIEDR. DICK GMBH. This guide provides essential safety instructions to ensure the safe and effective use of your pliers. Please read this manual carefully before using the product.

## General Safety Guidelines

- **Product Safety:** Always use the pliers for their intended purpose. Ensure that the work area is clean and free from hazards.
- **Enhanced Recalls:** Stay informed about any product recalls. Check the EU Safety Gate platform for updates on safety notices related to this product.
- **Online Shopping Protections:** If purchased online, ensure that the seller complies with EU safety regulations.
- **Special Consumer Focus:** Keep the pliers out of reach of children. This tool is not intended for use by individuals under 18 years of age.
- **EU Contact Point:** For any safety inquiries, refer to the manufacturer's contact information provided with the product.
- **Rapid Alerts:** Be aware of updates regarding unsafe products through the Safety Gate system.

## Specific Safety Precautions for Use

- **Avoid Injury:**
  - Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves.
  - Do not use the pliers on live electrical circuits or for any electrical work.
- **Inspect Before Use:**
  - Check the pliers for any signs of damage or wear before each use. Do not use damaged tools.
- **Proper Handling:**
  - Use both hands to operate the pliers for better control and stability.
  - Keep fingers clear of the pliers' jaws during operation.
- **Work Environment:**
  - Ensure that your workspace is welllit and organized to prevent accidents.
  - Avoid distractions while using the pliers.

## Instructions for Installation and Usage

- **Using the Pliers:**
  - Hold the pliers firmly by the handles.
  - Position the jaws of the pliers around the object you wish to grip or manipulate.
  - Squeeze the handles together to secure the grip.
  - For delicate tasks, apply gentle pressure to avoid damaging the object.

- **Maintenance:**

- Clean the pliers after each use to remove dirt and debris.
- Store the pliers in a dry place to prevent rust and corrosion.
- Regularly lubricate the pivot joint to ensure smooth operation.

- **Disposal Instructions:**

- At the end of the product's life, dispose of the pliers responsibly.
- Check local regulations for proper disposal methods for metal tools.
- Consider recycling the materials if possible.

## **Contact Information for Further Support**

For any questions or concerns regarding the GERMAN MADE SPECIAL GUNSMITHING PLIERS, please refer to the manufacturer's contact information provided with the product packaging.

By following these safety instructions, you can ensure a safe and effective experience with your GERMAN MADE SPECIAL GUNSMITHING PLIERS. Thank you for your attention to safety.
