

# CHASERS HAMMERS - FRIEDR. DICK GMBH 15/16" CHASERS HAMMER

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Engraving Tools & Supplies](#) > [Chasers Hammers](#)

## Designed & Balanced To Give You Day-Long Control Of Each Stroke

The hammer most frequently seen on the benches of en-gravers, silversmiths and other artisans who use a hammer for light, ultra-precision tapping. The large, flat face enables user to watch his work and still properly strike the tool he is using. Oval shaped handle is slenderly tapered near the head for proper rebounding action. Both flat and round faces of this hammer are highly polished and smooth finished.

## CHASERS HAMMER Safety Instructions

### Introduction

Thank you for choosing the CHASERS HAMMERS FRIEDR. DICK GMBH 15/16" CHASERS HAMMER. This guide provides essential safety instructions to ensure the safe and effective use of your hammer. Please read and follow these instructions carefully to avoid accidents and injuries.

### General Safety Guidelines

- Always use the hammer for its intended purpose—light, ultraprecision tapping.
- Ensure that the work area is clean and free from any hazards that may cause accidents.
- Wear appropriate personal protective equipment (PPE), including safety goggles and gloves, to protect against flying debris.
- Keep the hammer out of reach of children and unauthorized users.
- Inspect the hammer before each use for signs of damage or wear. Do not use if damaged.
- Be aware of your surroundings and ensure that no one is in close proximity while using the hammer.

### Specific Safety Precautions for Use

- **Proper Grip:** Hold the hammer firmly by the ovalshaped handle, ensuring a secure grip to prevent slippage.
- **Striking Technique:** Use controlled, precise strikes to avoid excessive force that could lead to injury or damage to the workpiece.
- **Surface Stability:** Ensure the workpiece is stable and secure before striking to prevent it from moving unexpectedly.
- **Avoid Distractions:** Focus on the task at hand and avoid distractions while using the hammer.
- **Correct Face Use:** Use the appropriate face size (22mm or 28mm) for the specific task to achieve optimal results.

### Instructions for Installation and Usage

#### 1. Preparation:

- Select the appropriate workpiece and ensure it is clean and free from obstructions.
- Choose the correct face size of the hammer based on the precision required for your task.

#### 2. Using the Hammer:

- Position the hammer over the workpiece, ensuring the face is aligned properly.
- With a steady hand, strike the handle gently to begin tapping. Gradually increase force as needed, maintaining control.
- Monitor the impact and adjust your technique as necessary to maintain precision.

#### 3. PostUse Care:

- Clean the hammer after each use to remove any debris or contaminants.
- Store the hammer in a dry, secure place to prevent damage.

## **Disposal Instructions**

- Dispose of the hammer responsibly at the end of its life cycle.
- Follow local regulations for disposal of tools and materials.
- If the hammer is damaged beyond repair, consider recycling the metal and wood components where possible.

## **Contact Information for Further Support**

For any inquiries regarding safety or product information, please refer to the manufacturer's contact points provided in the product packaging or documentation.

By adhering to these safety instructions, you can ensure a safe and effective experience while using the CHASERS HAMMERS FRIEDR. DICK GMBH 15/16" CHASERS HAMMER. Thank you for prioritizing safety in your craftsmanship.
