## Safety Instruction Guide

### Introduction

Thank you for choosing the Dremel #442 Wire Brush 2Pak. These small, versatile steel brushes are designed to efficiently remove rust, corrosion, and polish metal surfaces. This safety instruction guide provides essential information to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

### General Safety Guidelines

- Always read and understand the safety instructions before using the product.
- Ensure the product is suitable for the intended use.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear before use.
- Use the product only for its intended purpose as specified in this guide.

### Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE) such as safety goggles, gloves, and a dust mask to protect against debris and dust.
- Ensure that the tool you are using is compatible with the 1/8" (3.2mm) shank of the wire brush.
- Do not exceed the maximum RPM rating of your tool when using the wire brush.
- Avoid using the brush on soft or easily damaged surfaces to prevent injury or damage.
- Keep hands and other body parts away from the brush while in operation to avoid injury.
- Do not use the wire brush if it is damaged or worn out.

### Instructions for Installation and Usage

#### 1. Installation:

- Ensure the tool is unplugged or turned off before installation.
- Insert the wire brush shank into the tool's chuck or collet.
- Tighten the chuck or collet securely to hold the brush in place.
- Doublecheck that the brush is secure before turning on the tool.

#### 2. Usage:

- Plug in or turn on the tool.
- Hold the tool firmly and maintain a stable stance while operating.
- Begin using the wire brush on the surface, applying light pressure as needed.
- Move the brush in a controlled manner to avoid damage to the surface or tool.
- After use, turn off and unplug the tool, then carefully remove the wire brush.

### Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the wire brush in household waste.
- Consider recycling options for metal components where available.

## Contact Information for Further Support

For any safety inquiries or support regarding the Dremel #442 Wire Brush, please refer to the manufacturer's website or customer service resources.

## Conclusion

By following the safety instructions outlined in this guide, you can ensure a safe and effective experience with your Dremel #442 Wire Brush. Always prioritize safety and proper usage to maximize the lifespan of your product and achieve the best results.
