

PROTECTIVE COVERS - SCOPECOAT FOR EOTECH 552/512/555

[Optics & Mounting](#) > [Optic Accessories](#) > [Protective Scope Covers](#)

Nylon-faced, stretchy neoprene rubber cushions any rifle or pistol scope from everyday bumps, scratches, dings, moisture, and dust. Snaps on and off quickly without using rubber bands, clips, or strings. Scopecoat™ stretches approximately 10% and the "perfect fit" is a matter of personal preference -- ranging between a relaxed fit to a more form-fitted one.

Safety Instruction Guide for SCOPECOAT Protective Covers for EOTech 552/512/555

Introduction

Thank you for choosing the SCOPECOAT Protective Covers for your EOTech scopes. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this document carefully before using the SCOPECOAT.

General Safety Guidelines

- Ensure that the SCOPECOAT is used only for its intended purpose, which is to protect EOTech scopes from bumps, scratches, dings, moisture, and dust.
- Regularly inspect the SCOPECOAT for any signs of wear or damage. Do not use if the cover is compromised.
- Keep the SCOPECOAT out of reach of children and pets to prevent any accidental ingestion or suffocation.
- If you notice any unusual odors, colors, or textures, discontinue use immediately and consult the manufacturer.

Specific Safety Precautions for Use

- Always ensure that the scope is dry before applying the SCOPECOAT to avoid trapping moisture.
- Do not expose the SCOPECOAT to extreme temperatures or direct sunlight for extended periods, as this may degrade the material.
- Avoid using sharp objects near the SCOPECOAT, as they may puncture or tear the neoprene.
- When removing the SCOPECOAT, do so gently to prevent damaging the scope or the cover itself.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the EOTech scope is clean and dry.
- Choose the appropriate size of the SCOPECOAT for your specific EOTech model (EOTech 552, 512, or 555).

2. Installation:

- Hold the SCOPECOAT with the nylonfaced side facing outward.
- Align the SCOPECOAT with the scope, starting from one end.
- Gently stretch the neoprene cover over the scope until it fits snugly. The SCOPECOAT will stretch approximately 10% for a perfect fit.
- Ensure that the cover is securely attached and does not obstruct any lenses or buttons.

3. Usage:

- The SCOPECOAT can be removed and reattached as needed without the use of rubber bands, clips, or strings.
- For optimal protection, use the SCOPECOAT whenever the scope is not in use.

Disposal Instructions

- Dispose of the SCOPECOAT responsibly. Do not incinerate.
- If the SCOPECOAT is damaged or no longer usable, consider recycling it if possible. Check local

regulations for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding the SCOPECOAT Protective Covers, including safety concerns or product recalls, please refer to the manufacturer's contact information provided on the packaging or the official website.

Conclusion

By following these safety instructions, you will ensure the longevity and effectiveness of your SCOPECOAT Protective Covers. Stay safe and enjoy using your EOTech scopes with confidence.
