[Optics & Mounting](#) > [Optic Accessories](#) > [Protective Scope Covers](#)

Protect your valuable scope with the Scopecoat. The Scopecoat Cover stretches over your scope shielding the entire scope from dust, dirt, moisture, dings, and scratches. The Scopecoat is constructed of high quality Neoprene laminated with nylon. The Neoprene has a 5 percent moisture absorbency, which takes moisture away from the scope. The XP-6 is available for tall turret scopes such as Law Enforcement, Benchrest and Varmint scopes. Unique to the XP-6 is the 6mm thickness (3 times the normal Scopecoat thickness) for extra protection. Scopes have a way of bumping into other guns in the safe and the Scopecoat protects the scope and your other guns.
