

REMINGTON 700, 722, 40X SHORT ACTION SCOPE BASES - EGW

REM 700, 722, 40X SHORT ACTION 0 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

No Frills Accuracy Enhancement For Popular Rifles

EGW Remington 700, 722, 40X Short Action Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to ± 0.002 ". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

Safety Instruction Guide for REMINGTON 700, 722, 40X SHORT ACTION SCOPE BASES

Introduction

Thank you for choosing the EGW Remington 700, 722, 40X Short Action Scope Bases. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your scope base. Please read this manual thoroughly before installation and use.

General Safety Guidelines

- Always ensure that the firearm is unloaded before installing or handling the scope base.
- Use the scope base only for its intended purpose as specified in this guide.
- Regularly inspect the scope base for any signs of wear or damage.
- Store the scope base in a safe, dry place away from children and unauthorized users.
- Follow all local laws and regulations regarding firearm accessories and modifications.
- Be aware of your surroundings when using firearms equipped with the scope base to ensure safe handling.

Specific Safety Precautions for Use

- Ensure that the scope base is compatible with your specific firearm model (Remington 700, 722, 40X).
- Do not exceed the recommended torque of 20 inch lbs when mounting the scope base.
- Use blue loctite as recommended to secure screws and prevent loosening during use.
- Always wear appropriate eye protection when using firearms.
- Be mindful of the recoil when firing, which may affect the scope's position if not properly installed.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools: a socket head Torx® wrench and blue loctite.
- Ensure the firearm is unloaded and in a safe position.

2. Installation:

- Locate the factory scope mount holes on the receiver of your firearm.
- Align the EGW scope base with the mount holes.
- Insert the socket head Torx® screws into the aligned holes.
- Using the wrench, tighten the screws to a torque of 20 inch lbs.
- Apply a small amount of blue loctite to the screws to secure them in place.

3. Usage:

- After installation, attach your Picatinny or Weaver scope rings to the base.
- Adjust the scope for proper eye relief and alignment.
- Test the setup by aiming at a target and ensuring the scope holds its position during firing.

Disposal Instructions

- When disposing of the scope base, follow local regulations regarding aluminum recycling.
- Ensure that all components are disposed of in an environmentally friendly manner.
- Do not discard in regular household waste.

Contact Information for Further Support

For any inquiries regarding the safety and use of the EGW Remington 700, 722, 40X Short Action Scope Bases, please refer to the contact details provided on the product packaging or visit the manufacturer's website.

By adhering to these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your EGW Remington 700, 722, 40X Short Action Scope Bases. Always prioritize safety and responsible usage when handling firearms and their accessories.
