

# **BROWNING A-BOLT SHORT ACTION SCOPE BASES - EGW**

## **BROWNING A-BOLT SHORT ACTION 0 MOA**

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Browning A-Bolt Short Action Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

# Safety Instruction Guide for BROWNING ABOLT SHORT ACTION SCOPE BASES

## Introduction

Thank you for choosing the EGW Browning ABolt Short Action Scope Bases. This product is designed to enhance the versatility of your firearm by allowing easy attachment of a onepiece Picatinny scope rail. To ensure safe and effective use of this product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always treat your firearm and its accessories as if they are loaded and ready to fire.
- Ensure that the scope bases are compatible with your specific Browning ABolt model before installation.
- Regularly inspect the scope bases for any signs of wear or damage.
- Store the scope bases in a dry, cool place away from direct sunlight.
- Keep this product out of reach of children and unauthorized users.
- In case of any malfunction or irregularities, cease use immediately and consult a qualified gunsmith.

## Specific Safety Precautions for Use

- Do not exceed the recommended torque of 20 inch lbs when mounting the scope bases.
- Use only the recommended socket head Torx screws for installation.
- Apply a drop of blue Loctite to the screws to prevent loosening during use.
- Ensure that all tools used for installation are in good condition and appropriate for the task.
- Avoid overtightening, which can damage the scope bases or the firearm.
- Always ensure that the firearm is unloaded before installing or adjusting the scope bases.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather necessary tools: a socket head Torx wrench and blue Loctite.
- Ensure the firearm is unloaded and pointed in a safe direction.

### 2. Installation:

- Locate the factory scope mount holes on the receiver of your Browning ABolt.
- Align the EGW Browning ABolt Short Action Scope Bases with the factory holes.
- Insert the socket head Torx screws into the holes and handtighten to ensure proper alignment.
- Use the Torx wrench to tighten the screws to a torque of 20 inch lbs.
- Apply a drop of blue Loctite to the screws to secure them in place.

### 3. Usage:

- Once installed, attach your Picatinny or Weaver scope rings according to the manufacturer's instructions.
- Adjust the scope for proper eye relief and ensure it is securely mounted.
- Regularly check the tightness of the screws and the integrity of the scope bases during use.

## Disposal Instructions

- When the scope bases are no longer needed or are damaged beyond repair, dispose of them in accordance with local regulations.

- Do not dispose of the product in regular household waste. Instead, take it to a recycling facility that accepts metal components.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the EGW Browning ABolt Short Action Scope Bases, please reach out to the appropriate contact point in your EU country. Always ensure you have the latest information regarding product recalls or safety updates through official channels.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priority.
