

BROWNING A-BOLT LONG ACTION SCOPE BASES - EGW BROWNING A-BOLT LONG ACTION 0 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Browning A-Bolt Long Action Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to $\pm .002$ ". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

BROWNING ABOLT LONG ACTION SCOPE BASES

Safety Instruction Guide

Introduction

Thank you for choosing the EGW Browning ABolt Long Action Scope Bases. This guide provides essential safety instructions and information to ensure the proper use and installation of your new scope bases. Please read this guide carefully before use.

General Safety Guidelines

- Ensure all safety precautions are followed to prevent accidents or injuries during installation and use.
- Always wear appropriate safety gear, including eye protection, when handling tools and equipment.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the scope bases for any signs of wear or damage before each use.
- If you experience any issues with the product, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

- Only use the scope bases with compatible Browning ABolt Long Action firearms.
- Ensure that the firearm is unloaded before installing or adjusting the scope bases.
- Follow the manufacturer's specifications for torque when installing the scope bases to avoid damage.
- Do not exceed the recommended torque of 20 inch lbs for mounting.
- Use blue Loctite to secure screws and prevent loosening during use.
- Never modify or alter the scope bases in any way, as this may compromise safety and functionality.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a Torx® wrench and blue Loctite.
- Ensure that the firearm is unloaded and pointed in a safe direction.

2. Installation:

- Locate the factory scope mount holes on the receiver of your Browning ABolt Long Action.
- Align the EGW scope bases with the mount holes.
- Insert the socket head Torx® screws into the holes.
- Tighten the screws gradually, alternating between them to ensure even pressure.
- Use a torque wrench to tighten the screws to 20 inch lbs.
- Apply a drop of blue Loctite to each screw to secure them in place.

3. Usage:

- Once installed, mount your scope onto the Picatinny rail.
- Adjust the scope's eye relief as needed for optimal viewing.
- Regularly check the tightness of the screws and the stability of the scope.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, follow local guidelines for the disposal of metal products.

- If the product is damaged beyond use, recycle it at a designated recycling facility.

Contact Information for Further Support

For questions or concerns regarding the safety and use of the EGW Browning ABolt Long Action Scope Bases, please refer to the manufacturer's contact details provided with your product packaging.

Conclusion

By following these safety instructions, you can ensure the safe use and installation of your EGW Browning ABolt Long Action Scope Bases. Always prioritize safety and report any unsafe conditions or incidents to the appropriate authorities. Thank you for your attention to these important guidelines.
