

1911 FIRING PIN - EGW FIRING PIN, .093"

[Handgun Parts](#) > [Action Parts](#) > [Firing Pin Parts](#) > [Firing Pins](#)

Durable Stainless Steel; Available In Three Diameters For Precise Clearance

Tough, durable firing pins are precision machined from extra-hard stainless steel to fit in the slide with .001" clearance to help eliminate primer flow with hot loads. Helps prevent jams and misfires caused by the primer backing out. Available in three diameters; select the diameter that provides just enough clearance through the hole in the firing pin stop of your gun. .068 normally fits Colt and Caspian 9mm/.38 Super/.40/10mm. .075 fits Springfield Armory 9mm/.38 Super/10mm/current-production .45 ACP. .093 fits most .45 ACP, including older-production Springfield. Fit may vary; measure your gun to be sure you select the correct size pin.

Attributes

- Name: [EGW FIRING PIN, .093"](#)
- Manufacturer: [EGW](#)
- Product no.: 296000117
- Mfr. No.: 10070

Safety Instruction Guide for 1911 FIRING PIN EGW FIRING PIN, .093"

Introduction

Thank you for choosing the 1911 FIRING PIN EGW FIRING PIN, .093". This product is designed to enhance the performance of your firearm while ensuring safety and reliability. Please read this safety instruction guide thoroughly to understand how to use and maintain this product safely.

General Safety Guidelines

- Always handle firearms with care and follow all local laws and regulations.
- Ensure that the firing pin is compatible with your firearm model before installation.
- Regularly inspect the firing pin for wear and damage.
- Store the firing pin in a safe, dry place away from children and unauthorized users.
- Report any unsafe conditions or incidents related to the product to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installing or replacing the firing pin.
- Avoid using the firearm with ammunition that exceeds the manufacturer's specifications.
- Be cautious of primer flow when using hot loads; this can lead to jams or misfires.
- Select the appropriate diameter firing pin for your specific firearm model to ensure proper fit and function.
- If you experience any malfunctions, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is completely unloaded and in a safe condition.
- Gather necessary tools for installation, including a punch and hammer.

2. Installation Steps

- Remove the slide from the firearm according to the manufacturer's instructions.
- Locate the firing pin stop and carefully remove it using the punch.
- Remove the old firing pin, if applicable, and inspect the firing pin channel for debris.
- Insert the new EGW firing pin, ensuring it fits snugly with .001" clearance.
- Reinstall the firing pin stop, ensuring it is secure and properly aligned.
- Reassemble the slide and check for smooth operation.

3. Usage

- Test the firearm in a safe environment to ensure proper functionality.
- Monitor the firearm during use for any signs of malfunction or unusual behavior.
- Regularly clean and maintain the firearm and firing pin to ensure longevity.

Disposal Instructions

- Dispose of the firing pin in accordance with local regulations.
- Do not dispose of the firing pin in regular household waste.
- Consider recycling options if available.

Contact Information for Further Support

For any inquiries regarding product safety, installation, or performance, please reach out to the appropriate support channels. Ensure to have your product details and any relevant information on hand for efficient assistance.

By following these guidelines, you can help ensure the safe use of your 1911 FIRING PIN EGW FIRING PIN, .093". Thank you for your attention to safety and compliance with regulations.
