

# 1911 HEAVY DUTY SLIDE STOP - EGW 9MM/.38 SUPER, BLUED, .200"

[Handgun Parts](#) > [Frame Parts](#) > [Slide Catch Parts](#) > [Slide Catches](#)

## Machines From Hardened Steel For Maximum Strength & Durability; Standard & Oversized Pins Available

Heavy duty slide stop is precision machined from steel bar stock, then heat-treated for superb hardness and durability. Ensures a precise fit to frame for secure, consistent lockup; prevents slop or "play" that can compromise accuracy. Available with standard .200" diameter pin or oversized .203" pin for custom fitting to ensure the tightest possible lockup for maximum accuracy. Both sizes available in blued 4140 carbon steel or stainless steel, both with a fine bead-blasted matte finish. Fine-line serrations on pad give your finger secure purchase to release the slide on the first pass.

## Attributes

- Name: [EGW 9MM/.38 SUPER, BLUED, .200"](#)
- Manufacturer: [EGW](#)
- Product no.: 296000121
- Mfr. No.: 11000

# 1911 Heavy Duty Slide Stop Safety Instruction Guide

## Introduction

Thank you for choosing the 1911 Heavy Duty Slide Stop by EGW. This guide provides important safety information to ensure the proper use and installation of your slide stop. Please read this manual carefully before use to maximize safety and performance.

## General Safety Guidelines

- Ensure safe use of the slide stop by following all instructions provided in this guide.
- Be aware of potential risks associated with the use of firearm accessories.
- Always handle firearms and their components with caution, following all applicable laws and regulations.
- Store this product in a safe place, out of reach of children and unauthorized users.
- Regularly check for updates on product safety and recalls through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Before installation, ensure the firearm is unloaded and the magazine is removed.
- Inspect the slide stop for any visible defects or damage before use.
- Ensure that the slide stop is compatible with your specific 1911 model (Government, Commander, Officers).
- Use only the recommended pin diameter (.200" or .203") for your firearm to ensure a secure fit.
- If you experience any issues with the slide stop, discontinue use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your firearm is unloaded and safely stored.
- Gather necessary tools for installation, including a punch tool and hammer.

### 2. Removal of Old Slide Stop:

- Using the punch tool, carefully drive out the existing slide stop pin.
- Remove the old slide stop from the firearm.

### 3. Installation of New Slide Stop:

- Align the new slide stop into the slide.
- Insert the appropriate pin (.200" or .203") through the slide stop and into the frame.
- Gently tap the pin into place using the hammer and punch tool, ensuring it is secure.

### 4. Testing:

- Once installed, perform a function check to ensure proper operation.
- Test the slide stop by cycling the slide and checking for secure lockup.

### 5. Regular Maintenance:

- Periodically inspect the slide stop for wear and tear.
- Clean and lubricate as necessary to maintain optimal performance.

## **Disposal Instructions**

- Dispose of any old or damaged components in accordance with local regulations.
- Do not dispose of the slide stop in regular household waste. Instead, follow guidelines for hazardous materials if applicable.

## **Contact Information for Further Support**

For any questions or concerns regarding the installation or use of the 1911 Heavy Duty Slide Stop, please consult a qualified gunsmith or a local firearm professional.

By following these safety instructions, you can ensure the proper use and longevity of your 1911 Heavy Duty Slide Stop. Thank you for prioritizing safety and responsible firearm ownership.
