

# 1911 OVERSIZED FIRING PIN STOP - EGW O/S FIRING PIN STOP S70 45 SS

[Handgun Parts](#) > [Action Parts](#) > [Firing Pin Parts](#) > [Firing Pin Stops](#)

## Helps Ensure Reliable 1911 Auto Ejection

Machined steel firing pin stop is wider and thicker than standard, so you can gunsmith it for a tight fit that helps keep the extractor face square to the case rim for improved extraction and feeding. Bottom edge is left square, ready for final fitting to help slow slide opening and increase dwell-time with major power factor ammunition. Heat-treated to Rc 48, with radiused corners that resist cracking, for a long service life. Available in carbon steel with a tough black oxide finish and stainless steel. Series 70 is sized specifically to give a no-gap fit on .45 ACP Colt Series 70 pistols and clones. Series 80 fits 9mm/.38 Super/.40 S&W/.45 ACP Colt Series 80 pistols and clones.

## Attributes

- Name: [EGW O/S FIRING PIN STOP S70 45 SS](#)
- Manufacturer: [EGW](#)

# Safety Instruction Guide for 1911 Oversized Firing Pin Stop

## Introduction

Thank you for choosing the 1911 Oversized Firing Pin Stop by EGW. This guide provides essential safety instructions, usage guidelines, and contact information to ensure safe and effective use of this product. Please read this document carefully before installation and use.

## General Safety Guidelines

- Ensure that the product is compatible with your firearm model before installation.
- Always handle firearms with care and follow all safety protocols.
- Store the firing pin stop in a safe location, away from children and unauthorized users.
- Inspect the product for any visible defects or damage before installation.
- If you experience any issues during installation or use, seek assistance from a qualified gunsmith.

## Specific Safety Precautions for Use

- The firing pin stop is designed for use with .45 ACP Colt Series 70 and Series 80 pistols. Ensure you are using the correct model to avoid potential hazards.
- Gunsmith fitting is required for optimal performance. Improper fitting may lead to malfunctions.
- Avoid using excessive force during installation to prevent damage to the firing pin stop or firearm.
- Always ensure that the firearm is unloaded before performing any maintenance or modifications.
- Do not modify the firing pin stop beyond the recommended fitting procedures, as this may compromise safety and functionality.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your workspace is clean and organized.
- Gather necessary tools, including a gunsmithing hammer, punch, and file.

### 2. Installation Steps:

- Make sure the firearm is completely unloaded.
- Remove the existing firing pin stop from the firearm.
- Align the new oversized firing pin stop with the firing pin channel.
- Gently tap the stop into place using a gunsmithing hammer and punch, ensuring it is seated properly.
- Use a file to make any necessary adjustments for a tight fit. The bottom edge should be left square for final fitting.
- Check the extractor face alignment with the case rim to ensure proper extraction and feeding.

### 3. PostInstallation:

- Once installed, perform a function check on the firearm to ensure everything operates smoothly.
- Store the firearm safely and securely when not in use.

## Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the firing pin stop is damaged or no longer in use, consult local waste management guidelines for proper disposal.

## Contact Information for Further Support

For any questions or concerns regarding the 1911 Oversized Firing Pin Stop, please refer to the manufacturer's contact information included in the product packaging or visit the manufacturer's official website for further assistance.

By following these safety instructions, you can ensure the safe and effective use of the 1911 Oversized Firing Pin Stop. Always prioritize safety and seek professional assistance if needed. Thank you for your attention to these important guidelines.
