

# 1911 OVERSIZED FIRING PIN STOP - EGW O/S FIRING PIN STOP S80 38/9/40 SS

[Handgun Parts](#) > [Action Parts](#) > [Firing Pin Parts](#) > [Firing Pin Stops](#)

## Helps Ensure Reliable 1911 Auto Ejection

Machined steel firing pin stop is wider and thicker than standard, so you can gunsmith it for a tight fit that helps keep the extractor face square to the case rim for improved extraction and feeding. Bottom edge is left square, ready for final fitting to help slow slide opening and increase dwell-time with major power factor ammunition. Heat-treated to Rc 48, with radiused corners that resist cracking, for a long service life. Available in carbon steel with a tough black oxide finish and stainless steel. Series 70 is sized specifically to give a no-gap fit on .45 ACP Colt Series 70 pistols and clones. Series 80 fits 9mm/.38 Super/.40 S&W/.45 ACP Colt Series 80 pistols and clones.

## Attributes

# Safety Instruction Guide for 1911 Oversized Firing Pin Stop

## Introduction

Thank you for choosing the 1911 Oversized Firing Pin Stop. This product is designed to enhance the performance of your firearm while ensuring safety during use. This guide provides essential safety instructions, precautions, and installation procedures to help you use this product effectively and safely.

## General Safety Guidelines

- Ensure that the firearm is unloaded before installation or handling the firing pin stop.
- Always wear appropriate eye protection when working with firearms.
- Keep the firing pin stop and all firearm components away from children and unauthorized users.
- Regularly inspect the firing pin stop for wear or damage; replace it if necessary.
- Follow all local laws and regulations regarding firearm modifications and use.

## Specific Safety Precautions for Use

- Use the firing pin stop only with compatible models as specified in the product description.
- Ensure that gunsmith fitting is performed by a qualified professional to avoid improper installation.
- Avoid using excessive force when fitting the firing pin stop to prevent damage to the firearm.
- Be aware that modifications may affect the warranty of your firearm.
- Do not use the firearm with the modified firing pin stop until proper installation and fitting have been completed.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure your firearm is completely unloaded.
- Gather necessary tools for installation, including screwdrivers and files.

### 2. Installation Steps

- Remove the existing firing pin stop from your firearm according to the manufacturer's instructions.
- Compare the new oversized firing pin stop with the original to ensure compatibility.
- If necessary, carefully fit the new firing pin stop using files or other tools to achieve a tight fit.
- Ensure that the bottom edge of the firing pin stop is square and fits snugly without gaps.
- Reassemble the firearm following the manufacturer's guidelines.

### 3. Usage

- After installation, conduct a function check to ensure that the firearm operates correctly.
- Test the firearm in a safe and controlled environment before regular use.
- Monitor the performance of the firing pin stop during use, checking for any signs of wear or malfunction.

## Disposal Instructions

- Dispose of the firing pin stop in accordance with local regulations.
- Do not dispose of the firing pin stop in regular household waste.
- If the product is damaged or no longer in use, consider recycling metal components where possible.

## **Contact Information for Further Support**

For any inquiries regarding the 1911 Oversized Firing Pin Stop, please refer to the manufacturer's contact information. Ensure you have the product details available for assistance.

This safety instruction guide is designed to ensure the safe and effective use of the 1911 Oversized Firing Pin Stop. Always prioritize safety and compliance with local laws when handling firearms and firearm components.
