1911 Grip Screw Bushings Safety Instructions

Introduction

Thank you for choosing the 1911 Grip Screw Bushings. These highquality, economical replacement grip bushings are designed for use with custom 1911 builds or for upgrading existing grips. This safety instruction guide aims to ensure safe usage and installation in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always read and understand the safety instructions before using the product.
- Ensure that the product is suitable for your specific model of 1911 (Government, Commander, Officers).
- Inspect the product for any visible damage or defects before installation.
- Store the product in a cool, dry place away from direct sunlight and moisture.
- Keep the product out of reach of children and vulnerable individuals.
- If you notice any issues during use, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

- Only use the grip bushings with compatible grip screws.
- Avoid overtightening the grip screws to prevent stripping the threads.
- Use appropriate tools (e.g., screwdrivers) that fit the grip screws to avoid injury.
- Wear safety glasses during installation to protect your eyes from metal shavings or debris.
- Ensure that your workspace is clean and free from clutter to prevent accidents.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools: screwdriver, grip screws, and the grip bushings.
- Ensure the firearm is unloaded and safe to work on.

2. Installation Steps:

- Remove the existing grips from your 1911 by unscrewing the grip screws.
- Carefully take out the old grip bushings from the frame.
- Insert the new 1911 Grip Screw Bushings into the frame, ensuring they are seated properly.
- Align the grips with the bushings and insert the grip screws.
- Tighten the grip screws gently, ensuring not to overtighten.

3. PostInstallation:

- Doublecheck that the grips are secure and properly aligned.
- Perform a visual inspection of the installation to ensure everything is in place.
- Test the grip by holding the firearm to ensure comfort and stability.

Disposal Instructions

- Dispose of any old or damaged grip bushings and screws in accordance with local waste disposal regulations.
- Do not dispose of the product in regular household waste if it contains metal components; check for recycling options.

Contact Information for Further Support

For any inquiries regarding safety or product performance, please refer to the EU contact point for safety inquiries.

By following these instructions and safety guidelines, you can ensure a safe and effective installation of the 1911 Grip Screw Bushings. Always prioritize safety and proper handling practices when working with firearms.
