

# REMINGTON 700, 722, 40X SHORT ACTION HD SCOPE BASES - REM 700, 722, 40X SHORT ACTION 20 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Remington 700, 722, 40x Short Action Heavy Duty Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Heavy Duty mounts are .100" lower than the Lightweight mounts to minimize weight and keep your optic closer to the barrel centerline for improved accuracy. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid extruded 7075 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite.

## Attributes

- Name: [REM 700, 722, 40X SHORT ACTION 20 MOA](#)

# REMINGTON 700, 722, 40X SHORT ACTION HD SCOPE BASES Safety Instruction Guide

## Introduction

Thank you for choosing the EGW Remington 700, 722, 40X Short Action Heavy Duty Scope Bases. This guide provides essential safety instructions to ensure the safe and effective use of your product in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before installation and use.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle firearms and accessories with care and follow all safety protocols.
- Keep the product out of reach of children and unauthorized persons.
- Inspect the product for any damage before each use.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about recalls and safety updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always check that the scope bases are securely mounted before using your firearm.
- Use only compatible Picatinny or Weaver scope rings to ensure proper fit and safety.
- Do not exceed the recommended torque of 20 inch lbs when securing the scope bases.
- Apply a drop of blue Loctite to the screws to prevent loosening during use.
- Avoid using the product in extreme weather conditions without proper precautions.
- Ensure that the firearm is unloaded when installing or adjusting the scope bases.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a socket head Torx® wrench.
- Ensure your firearm is unloaded and pointed in a safe direction.

### 2. Installation:

- Locate the factory scope mount holes on the receiver of your firearm.
- Align the scope bases with the mount holes, ensuring a proper fit.
- Insert the Torx screws into the holes and tighten them gradually.
- Use a torque wrench to secure the screws to 20 inch lbs.
- Apply a drop of blue Loctite to each screw to secure them in place.

### 3. Usage:

- Mount your scope onto the installed bases using compatible scope rings.
- Adjust the eye relief and ensure the scope is properly aligned for optimal accuracy.
- Regularly check the tightness of all screws and connections.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- Consider recycling options for metal components where available.

## **Contact Information for Further Support**

For any inquiries regarding safety or product support, please refer to the manufacturer's website or contact your local retailer. Always ensure you have the latest information regarding safety guidelines and product updates.

Thank you for prioritizing safety while using the EGW Remington 700, 722, 40X Short Action Heavy Duty Scope Bases. Your compliance with these guidelines helps ensure a safe and enjoyable experience.
