

# REMINGTON 700, 721, 725 LONG ACTION STEEL HD SCOPE BASES - REM 700, 721, 725 LONG ACTION 0 MOA STEEL

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Remington 700, 722, 40X Long Action Heavy Duty Steel Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from hardened steel with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Heavy Duty (HD) mounts are .100" lower than the Lightweight mounts to minimize weight and keep your optic closer to the barrel centerline for improved accuracy. Full-width cross-slots are gauged to MIL-STD 1913 specs to  $\pm .002$ ". Machined from ultra-rigid 4140 carbon steel pre-hardened to Rc 35-35 before machining. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite.

## Attributes

# REMINGTON 700, 721, 725 LONG ACTION STEEL HD SCOPE BASES Safety Instruction Guide

## Introduction

Thank you for choosing the REMINGTON 700, 721, 725 Long Action Steel HD Scope Bases. This guide provides essential safety instructions to ensure the safe use and installation of your scope bases. Please read this guide thoroughly before use and keep it for future reference.

## General Safety Guidelines

- Always handle your firearm and accessories with care and respect.
- Ensure that your firearm is unloaded before installing or adjusting any accessories.
- Only use the scope bases with compatible firearms as specified by the manufacturer.
- Keep the scope bases and all firearm accessories out of reach of children and unauthorized users.
- Regularly inspect your scope bases for signs of wear, damage, or corrosion.
- If you notice any defects or issues, discontinue use immediately and consult a professional.

## Specific Safety Precautions for Use

- Ensure that the scope bases are securely mounted to the firearm to prevent any movement during use.
- Use only compatible Picatinny or Weaver scope rings to avoid damage to the scope bases.
- Follow the recommended torque specifications of 20 inch lbs when securing the scope bases.
- Use blue Loctite as recommended to prevent screws from loosening due to recoil.
- Do not exceed the weight limit of the scope bases, as this may compromise safety and performance.
- Avoid using the firearm in wet or humid conditions without proper protection for the scope bases.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a socket head Torx® wrench.
- Ensure your firearm is unloaded and safe to handle.

### 2. Installation:

- Align the scope bases with the factory scope mount holes on the receiver of your firearm.
- Insert the provided socket head Torx® screws into the aligned holes.
- Tighten the screws gently using the Torx® wrench, applying a torque of 20 inch lbs.
- Apply a small drop of blue Loctite to each screw to secure them in place.

### 3. Adjustment:

- Once installed, attach your scope to the Picatinny rail.
- Adjust the eye relief and position of the scope as needed for optimal viewing.
- Ensure that all screws are tightened securely before use.

### 4. Usage:

- Regularly check the tightness of the screws and the stability of the scope bases during use.
- If you experience any issues, such as movement of the scope or loose screws, stop using the firearm and inspect the installation.

## **Disposal Instructions**

- Dispose of any damaged or worn scope bases in accordance with local regulations.
- Do not dispose of the scope bases in regular household waste.
- Contact your local waste management facility for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the installation or use of the REMINGTON 700, 721, 725 Long Action Steel HD Scope Bases, please consult your local firearms dealer or a qualified gunsmith.

Thank you for your attention to these safety instructions. Your safety and the safety of others is our top priority. Enjoy your shooting experience with the REMINGTON 700, 721, 725 Long Action Steel HD Scope Bases!
