

1911 HEAVY DUTY SLIDE STOP - EGW 9MM/.38 SUPER, BLUED, .203"

[Handgun Parts](#) > [Frame Parts](#) > [Slide Catch Parts](#) > [Slide Catches](#)

Machines From Hardened Steel For Maximum Strength & Durability; Standard & Oversized Pins Available

Heavy duty slide stop is precision machined from steel bar stock, then heat-treated for superb hardness and durability. Ensures a precise fit to frame for secure, consistent lockup; prevents slop or "play" that can compromise accuracy. Available with standard .200" diameter pin or oversized .203" pin for custom fitting to ensure the tightest possible lockup for maximum accuracy. Both sizes available in blued 4140 carbon steel or stainless steel, both with a fine bead-blasted matte finish. Fine-line serrations on pad give your finger secure purchase to release the slide on the first pass.

Attributes

- Name: [EGW 9MM/.38 SUPER, BLUED, .203"](#)
- Manufacturer: [EGW](#)
- Product no.: 296000163

1911 Heavy Duty Slide Stop Safety Instructions

Introduction

Thank you for choosing the 1911 Heavy Duty Slide Stop by EGW. This guide provides important safety information, installation instructions, and usage tips to ensure your product operates safely and effectively. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure that the slide stop is compatible with your firearm model (Government, Commander, Officers).
- Always handle your firearm with care and follow all standard firearm safety practices.
- Inspect the slide stop for any signs of damage or wear before installation.
- Only use the slide stop with approved calibers: 38/357 Caliber (.357.359), 9 mm (.355.356), 40/10 mm (.400.401).
- Keep the slide stop and all firearm components out of reach of children and unauthorized users.
- Report any unsafe product experiences or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Do not install or use the slide stop if you are unfamiliar with firearm maintenance and safety.
- Always ensure the firearm is unloaded before installing or removing the slide stop.
- Avoid using excessive force when installing the slide stop to prevent damage.
- Regularly check the slide stop for proper function and fit; any slippage or play may affect accuracy and safety.
- If you experience any issues with the slide stop during use, cease operation immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation:

- Ensure your firearm is completely unloaded.
- Gather necessary tools, including a punch and hammer, if required.

2. Installation:

- Remove the existing slide stop from the firearm by driving out the retaining pin with a punch.
- Align the new slide stop with the frame of the firearm.
- Insert the appropriate pin (.200" or .203") into the slide stop and frame.
- Gently tap the pin into place using a hammer, ensuring it is secure but not overly tight.

3. Usage:

- To release the slide, press the slide stop with your finger.
- Ensure your grip is secure to maintain control of the firearm.
- After installation, perform a function check to ensure the slide stop operates correctly.

4. Maintenance:

- Regularly clean the slide stop and surrounding areas to prevent buildup of dirt and debris.
- Inspect for wear and replace if necessary to maintain safety and functionality.

Disposal Instructions

- Dispose of any damaged or worn slide stops in accordance with local regulations.
- Do not discard in regular household waste; consider recycling options or contacting local authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the 1911 Heavy Duty Slide Stop, please refer to the manufacturer's website or reach out to your local firearms dealer for assistance. Always ensure you have the latest information regarding product recalls and safety updates.

Thank you for prioritizing safety while using your 1911 Heavy Duty Slide Stop. Enjoy your enhanced shooting experience!
