

# 1911 HEAVY DUTY SLIDE STOP - EGW .45 ACP, BLUED, .203"

[Handgun Parts](#) > [Frame Parts](#) > [Slide Catch Parts](#) > [Slide Catches](#)

## Machines From Hardened Steel For Maximum Strength & Durability; Standard & Oversized Pins Available

Heavy duty slide stop is precision machined from steel bar stock, then heat-treated for superb hardness and durability. Ensures a precise fit to frame for secure, consistent lockup; prevents slop or "play" that can compromise accuracy. Available with standard .200" diameter pin or oversized .203" pin for custom fitting to ensure the tightest possible lockup for maximum accuracy. Both sizes available in blued 4140 carbon steel or stainless steel, both with a fine bead-blasted matte finish. Fine-line serrations on pad give your finger secure purchase to release the slide on the first pass.

## Attributes

- Name: [EGW .45 ACP, BLUED, .203"](#)
- Manufacturer: [EGW](#)
- Product no.: 296000165

# Safety Instruction Guide for 1911 Heavy Duty Slide Stop EGW .45 ACP

## Introduction

Thank you for choosing the 1911 Heavy Duty Slide Stop EGW .45 ACP. This product is designed for enhanced performance and durability. To ensure safe and effective use, please read this safety instruction guide carefully. It contains important information regarding product safety, installation, usage, and disposal.

## General Safety Guidelines

- Ensure safe use of the slide stop by following all instructions provided in this guide.
- Be aware of potential hazards associated with the installation and use of firearm components.
- This product is intended for use with compatible 1911 models, including Government, Commander, and Officers.
- Always handle firearms with care and follow all safety protocols.
- Keep the product out of reach of children and unauthorized users.
- Regularly check for product recalls and safety updates on the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Before installation, ensure the firearm is unloaded and the magazine is removed.
- Wear appropriate safety gear, including safety glasses, when working with firearm components.
- Avoid using excessive force during installation to prevent damage to the slide stop or firearm.
- Do not modify the slide stop beyond the manufacturer's specifications.
- Always verify the fit of the slide stop after installation to ensure proper function and safety.
- If you experience any issues with the slide stop, cease use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools, including a punch tool and hammer.
- Ensure you have a clean, welllit workspace.

### 2. Installation Steps

- Remove the existing slide stop from the firearm by pushing out the pin that holds it in place.
- Carefully insert the new slide stop into the frame.
- Align the slide stop with the corresponding holes in the frame.
- Use the appropriate pin (either .200" or .203") based on your firearm's specifications.
- Gently tap the pin into place using a hammer and punch tool, ensuring it is secure but not overly tight.

### 3. PostInstallation Check

- After installation, check the slide stop's movement to ensure it functions correctly.
- Test the slide stop by cycling the slide to confirm it locks and releases as intended.
- If any issues arise, consult a qualified gunsmith for assistance.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If the slide stop is damaged or no longer usable, follow local guidelines for the disposal of metal components.
- Do not discard the product in regular household waste; seek out recycling options for metal parts if available.

## **Contact Information for Further Support**

For any safety inquiries or additional support, please refer to the manufacturer's website or contact your local dealer. Ensure all questions regarding installation and safety are addressed before use.

By following these guidelines, you can ensure the safe and effective use of the 1911 Heavy Duty Slide Stop EGW .45 ACP. Thank you for your attention to safety and responsible firearm handling.
