

1911 BARREL LINK KIT - EGW #4 1911 AUTO BARREL LINK

[Handgun Parts](#) > [Barrel Parts](#) > [Barrel Link Parts](#) > [Barrel Links](#)

Stress-Proof Links To Fit Most Barrel/Frame Combinations

Set of six, stress-proof, hardened chrome-moly steel barrel links helps correct most barrel-to-frame fit and feeding problems on 1911 autos. Includes the following link sizes (measured center-to-center from barrel link pin hole to slide stop hole): factory standard #3 (.278"), as well as #0 (-.015"), #1 (-.010"), #2 (-.005"), #4 (+.005"), and #5 (+.010"). #0 is for Accurail-equipped guns with rails that have been moved down. #1-#5 also available separately.

Safety Instruction Guide for 1911 Barrel Link Kit EGW #4

Introduction

Thank you for choosing the 1911 Barrel Link Kit EGW #4. This product is designed to enhance the performance of your 1911 auto by correcting barreltoframe fit and feeding issues. Please read this safety instruction guide thoroughly to ensure safe and proper use of the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle firearms and related components with care and respect.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for signs of wear or damage before use.
- If you experience any issues or concerns regarding the product, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

- Verify that the barrel link kit is compatible with your specific model of 1911 (Government, Commander, Officers).
- Use appropriate tools and safety equipment when installing or adjusting the barrel links.
- Avoid using excessive force during installation to prevent damage to components.
- Always ensure that the firearm is unloaded and pointed in a safe direction before performing any maintenance or installation.
- Be aware of the potential hazards associated with firearms, including accidental discharge and injury.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is unloaded and safely stored.
- Gather necessary tools: appropriate wrenches and screwdrivers.
- Review the installation instructions specific to your 1911 model.

2. Installation Steps

- Remove the existing barrel link by loosening the link pin using the appropriate tool.
- Select the appropriate barrel link size from the kit based on your needs.
- Align the new barrel link with the pin hole and slide stop hole.
- Insert the link pin securely, ensuring it is properly seated.
- Check the fit by manually cycling the action to ensure smooth operation.

3. PostInstallation Check

- Inspect the installation to confirm that all components are secure.
- Test the firearm in a safe environment to ensure proper function before regular use.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the product in regular household waste. Instead, contact your local waste management

authority for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the 1911 Barrel Link Kit EGW #4, please reach out to the manufacturer or your point of purchase for assistance. Ensure you have your product details and any relevant information ready for a quicker response.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your 1911 Barrel Link Kit EGW #4. Always prioritize safety and responsible handling of firearms.
