

1911 BARREL LINK KIT - EGW #5 1911 AUTO BARREL LINK

[Handgun Parts](#) > [Barrel Parts](#) > [Barrel Link Parts](#) > [Barrel Links](#)

Stress-Proof Links To Fit Most Barrel/Frame Combinations

Set of six, stress-proof, hardened chrome-moly steel barrel links helps correct most barrel-to-frame fit and feeding problems on 1911 autos. Includes the following link sizes (measured center-to-center from barrel link pin hole to slide stop hole): factory standard #3 (.278"), as well as #0 (-.015"), #1 (-.010"), #2 (-.005"), #4 (+.005"), and #5 (+.010"). #0 is for Accurail-equipped guns with rails that have been moved down. #1-#5 also available separately.

Safety Instruction Guide for 1911 Barrel Link Kit EGW #5

Introduction

Thank you for choosing the 1911 Barrel Link Kit EGW #5. This kit is designed to enhance the performance of your 1911 auto by correcting barreltoframe fit and feeding issues. To ensure safe and effective use of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always handle firearms and related components with care and respect.
- Ensure that all safety precautions are followed when working with or around firearms.
- Store the Barrel Link Kit in a secure location, out of reach of children and unauthorized users.
- Regularly inspect all components for wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use only the specified sizes of barrel links as indicated in the product description to avoid compatibility issues.
- Ensure that the firearm is completely unloaded before installing or replacing barrel links.
- Wear appropriate safety gear, such as safety glasses, while working on your firearm.
- Avoid using excessive force during installation to prevent damage to the firearm or links.
- If you experience any issues during installation or usage, consult a qualified gunsmith for assistance.

Instructions for Installation and Usage

1. Preparation

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools, including a punch set and hammer.

2. Removing the Old Barrel Link

- Remove the slide from the frame of the firearm.
- Use a punch to carefully drive out the existing barrel link pin.
- Remove the old barrel link from the barrel.

3. Installing the New Barrel Link

- Select the appropriate barrel link size based on your firearm's specifications.
- Align the new barrel link with the barrel and slide stop hole.
- Insert the barrel link pin into the designated hole.

4. Reassembling the Firearm

- Reattach the slide to the frame of the firearm.
- Ensure that all components are securely in place and functioning properly.

5. Testing the Installation

- Conduct a function check to ensure the firearm operates correctly with the new barrel link.
- If any issues arise, consult a qualified gunsmith.

Disposal Instructions

- Dispose of any old or damaged barrel links in accordance with local regulations.
- Do not throw away firearm components in regular household waste.
- Consider recycling options for metal components where available.

Contact Information for Further Support

For any safety inquiries or additional support regarding the 1911 Barrel Link Kit EGW #5, please reach out to the manufacturer or your local firearms expert.

Thank you for prioritizing safety and proper handling of your 1911 Barrel Link Kit. Enjoy your enhanced shooting experience!
