

# SAVAGE MARK II SCOPE BASES - EGW SAVAGE MARK II (1-3/8 EJECTION PORT) 0 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Savage Mark II with 1-3/8" Ejection Port Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

## Attributes

- Name: [EGW SAVAGE MARK II \(1-3/8 EJECTION PORT\) 0 MOA](#)

# Safety Instruction Guide for EGW Savage Mark II Scope Bases

## Introduction

Thank you for choosing the EGW Savage Mark II Scope Bases. These scope bases are designed to enhance the versatility of your firearm by providing a secure platform for mounting your scope. This guide contains important safety information and instructions to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle firearms with care and follow all safety protocols.
- Keep the product out of reach of children and unauthorized users.
- Inspect the product regularly for any signs of damage or wear.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before installing or adjusting the scope bases.
- Use only compatible Picatinny or Weaver scope rings with the bases.
- Follow the manufacturer's torque specifications (20 inch lbs) when mounting the scope bases.
- Use blue Loctite on screws to prevent loosening due to recoil.
- Do not exceed the recommended weight limit for the scope and accessories mounted on the bases.
- Avoid using the scope bases in extreme environmental conditions that may affect their performance.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your firearm is unloaded and safe to work on.
- Gather the necessary tools, including a socket head Torx wrench.

### 2. Installation Steps:

- Locate the factory scope mount holes on your Savage Mark II receiver.
- Align the EGW Savage Mark II Scope Bases with the mounting holes.
- Insert the socket head Torx screws into the holes and handtighten them.
- Use the Torx wrench to tighten the screws to the manufacturer's recommended torque of 20 inch lbs.
- Apply a drop of blue Loctite to each screw before fully tightening to secure the bases.

### 3. Usage:

- After installation, mount your scope onto the Picatinny rail.
- Adjust the scope to your preferred eye relief and ensure it is securely fastened.
- Regularly check the tightness of the screws and the condition of the bases during use.

## **Disposal Instructions**

- When the product reaches the end of its life or is no longer needed, dispose of it in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling the aluminum material where possible.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and use of the EGW Savage Mark II Scope Bases, please refer to the manufacturer's contact information provided with your product packaging.

Thank you for your attention to these safety guidelines. By following these instructions, you can ensure the safe and effective use of your EGW Savage Mark II Scope Bases.
