

# MARLIN 1895, 336, 444 SCOPE BASES - EGW MARLIN 1895, 336, 444 0 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Marlin 1895, 336, 444 Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

## Attributes

- Name: [EGW MARLIN 1895, 336, 444 0 MOA](#)

# Safety Instruction Guide for EGW Marlin 1895, 336, 444 Scope Bases

## Introduction

Thank you for choosing the EGW Marlin 1895, 336, 444 Scope Bases. This guide provides important safety information, installation instructions, and general guidelines to ensure safe and effective use of the product. Please read this guide carefully before installation and use.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as a scope base for firearms.
- Always follow the manufacturer's instructions and recommendations for installation and usage.
- Inspect the scope base for any signs of damage or wear before each use.
- Store the product in a dry, cool place away from direct sunlight when not in use.
- Keep the product out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform regularly.

## Specific Safety Precautions for Use

- Always ensure that your firearm is unloaded before installing or adjusting the scope base.
- Use appropriate tools when installing the scope base to avoid injury or damage.
- Avoid overtightening the screws; adhere to the recommended torque of 20 inch lbs.
- Use blue loctite on the screws to prevent loosening due to recoil.
- Ensure that the scope rings used are compatible with Picatinny or Weaver specifications.
- Be cautious of the weight of your scope; ensure that the mount can support it without compromising safety.
- If you are unsure about installation or usage, consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation

- Gather the necessary tools: a socket head Torx® wrench and blue loctite.
- Ensure your firearm is unloaded and safe.

### 2. Installation Steps

- Locate the factory scope mount holes on your firearm's receiver.
- Align the EGW scope base with the mount holes.
- Insert the socket head Torx® screws into the holes and handtighten them.
- Using the wrench, tighten the screws to a torque of 20 inch lbs.
- Apply a small drop of blue loctite on the screws to secure them.

### 3. Scope Mounting

- Choose compatible Picatinny or Weaver scope rings.
- Mount your scope according to the manufacturer's instructions for the rings.
- Adjust the eye relief as necessary for comfort and optimal shooting position.

### 4. Final Checks

- Ensure all screws are tightened and secure.
- Check that the scope is properly aligned and functioning.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- Consider recycling where possible to minimize environmental impact.

## **Contact Information for Further Support**

For any inquiries regarding safety or installation, please reach out to the appropriate support channels as per your local regulations. Always ensure you have the most up to date information regarding product safety and recalls.

Thank you for your attention to these safety guidelines. Enjoy the versatility and performance of your EGW Marlin 1895, 336, 444 Scope Bases.
