

COWBOY CHAMBER CHECKER - EGW COWBOY CHECKER (.357 MAGNUM, .44-40, .44 MAG, .45 COLT)

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

Make sure all your ammo is in spec before you shoot that critical match. One tool lets you check four popular calibers used in Cowboy Action: .357 Magnum, .44-40, .44 Magnum, and .45 Long Colt. Helps you avoid jams, misfires, feeding problems, and other malfunctions caused by out-of-spec ammo that can cost you precious points—or the whole match. Machined aluminum with check holes precision bored using the same high-quality Clymer reamers.

Cowboy Chamber Checker Safety Instruction Guide

Introduction

Thank you for choosing the Cowboy Chamber Checker by EGW. This tool is designed to help ensure that your ammunition is within specifications before you participate in Cowboy Action shooting. By using this product, you can avoid potential malfunctions that may affect your performance in critical matches.

General Safety Guidelines

- Always ensure that your firearm is unloaded before using the Cowboy Chamber Checker.
- Keep the Cowboy Chamber Checker out of reach of children and unauthorized users.
- Inspect the tool for any visible damage before each use. If damaged, do not use it.
- Always wear appropriate eye protection when handling firearms and ammunition.
- Store the Cowboy Chamber Checker in a safe and dry place when not in use.

Specific Safety Precautions for Use

- Only use the Cowboy Chamber Checker with the following calibers: .357 Magnum, .4440 Winchester, .44 Magnum, and .45 Long Colt.
- Do not attempt to check ammunition that is not specified for use with this tool.
- Ensure that the ammo being checked is clean and free from dirt or debris.
- Do not force the ammunition into the tool; if it does not fit, do not use it.
- If you encounter any issues while using the Cowboy Chamber Checker, cease use immediately and consult a professional.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your firearm is unloaded.
- Gather your ammunition and the Cowboy Chamber Checker.

2. Checking Ammunition:

- Insert the ammunition into the corresponding chamber of the Cowboy Chamber Checker.
- Ensure that the round is fully seated in the chamber.
- Check for any visible gaps or misalignment.
- If the round fits snugly without resistance, it is within specification.
- If the round does not fit, do not use it for shooting.

3. After Use:

- Remove all ammunition from the Cowboy Chamber Checker.
- Clean the tool if necessary, following the manufacturer's recommendations.

Disposal Instructions

- Dispose of the Cowboy Chamber Checker in accordance with local regulations regarding metal products.
- If the tool is damaged beyond repair, ensure it is disposed of in a manner that prevents accidental use.

Contact Information for Further Support

For safety inquiries or additional support, please refer to the manufacturer's website or customer service channels for assistance. Always ensure you have the latest information regarding product recalls or safety updates.

By following these guidelines, you can ensure a safer experience while using the Cowboy Chamber Checker. Always prioritize safety and compliance with local laws and regulations. Thank you for your attention to these important safety instructions.
