

# 7-HOLE CHAMBER CHECKERS - EGW 5.56X45MM NATO 7-HOLE CARTRIDGE CHECKER

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

Chamber Checkers help you avoid jams, misfires, feeding problems, and other malfunctions caused by out-of-spec ammo. Use with factory loaded ammunition as well as reloaded ammo prior to shooting to verify your ammunition is within SPEC. These 7-Hole checkers are machined from solid 6061 T6 aircraft grade aluminum and uses actual Clymer reamers to ensure the ammo matches your chamber. Measures minimum case diameter as well as maximum overall length. Anodized Matte Black.

# 7HOLE CHAMBER CHECKERS SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the 7Hole Chamber Checkers by EGW. This product is designed to help you verify that your ammunition is within specifications, ensuring safe and reliable operation of your firearm. Please read this safety instruction guide carefully to ensure proper use and compliance with safety standards.

## General Safety Guidelines

To ensure your safety and the safety of others, please observe the following general safety guidelines:

- Always handle ammunition and firearms with care.
- Use the 7Hole Chamber Checkers only for verifying ammunition specifications.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of damage or wear before use.
- Follow all local laws and regulations regarding ammunition and firearm usage.

## Specific Safety Precautions for Use

When using the 7Hole Chamber Checkers, please adhere to the following specific safety precautions:

- Ensure that the firearm is unloaded before using the chamber checker.
- Only use factoryloaded ammunition or reloaded ammo that is known to be safe and in good condition.
- Do not use the chamber checker if it shows signs of wear or damage.
- Always verify that the chamber checker is clean and free of debris before use.
- If you experience any jams or malfunctions during testing, stop using the product immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

Follow these steps to properly use the 7Hole Chamber Checkers:

### 1. Preparation:

- Ensure that your firearm is completely unloaded.
- Gather the ammunition you wish to check.

### 2. Using the Chamber Checker:

- Insert the cartridge into the appropriate hole of the chamber checker.
- Check that the cartridge fits snugly without excessive force.
- Verify that the minimum case diameter and maximum overall length are within specifications.
- Repeat this process for each cartridge you wish to check.

### 3. PostUsage:

- After checking, remove the cartridges from the chamber checker.
- Clean the chamber checker with a soft cloth to remove any residue or debris.
- Store the chamber checker in a safe place, away from children.

## **Disposal Instructions**

When the 7Hole Chamber Checkers reach the end of their usable life, please dispose of them responsibly:

- Do not dispose of the product in regular household waste.
- Check local regulations regarding the disposal of aluminum products.
- Consider recycling the aluminum material if possible.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the 7Hole Chamber Checkers, please reach out to the designated EU contact point provided with your purchase. It is important to report any unsafe products or accidents to relevant authorities and to check for recall updates on the EU's Safety Gate platform.

Thank you for taking the time to read this safety instruction guide. Your safety is our priority, and we hope you enjoy using the 7Hole Chamber Checkers responsibly.
