

# 1911 AUTO NATIONAL MATCH BARREL BUSHING - EGW 1911 AUTO NATIONAL MATCH BARREL BUSHING

[Handgun Parts](#) > [Barrel Parts](#) > [Barrel Bushings](#)

## Oversize Bushing Enables The Tightest Possible Custom Fit

Top-quality match bushing is machined slightly oversized on the outside diameter and undersized on the inner diameter. Enables the pistolsmith to achieve the tightest possible fit between the slide, bushing, and barrel for better accuracy potential. Machined from hardened 4140 steel and given a matte black finish for a traditional look.

# Safety Instruction Guide for 1911 AUTO NATIONAL MATCH BARREL BUSHING

## Introduction

Thank you for purchasing the 1911 AUTO NATIONAL MATCH BARREL BUSHING by EGW. This guide provides essential safety information and instructions to ensure a safe and effective use of the product. Please read this guide thoroughly before installation and usage.

## General Safety Guidelines

- Ensure that the product is only used for its intended purpose.
- Always handle firearms and related components with care and in accordance with local laws and regulations.
- Store the barrel bushing in a safe, dry place away from children and unauthorized users.
- Regularly inspect the barrel bushing for signs of wear or damage before use.
- Follow all safety precautions when working with firearms to prevent accidents and injuries.

## Specific Safety Precautions for Use

- Use only with compatible 1911 Government models.
- Ensure the firearm is unloaded before installing or handling the barrel bushing.
- Wear appropriate safety gear, including eye protection, when working with firearms.
- Avoid using excessive force during installation to prevent damage to the bushing or firearm.
- Be aware of the potential for sharp edges when handling the bushing.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is completely unloaded.
- Gather necessary tools for installation, including a bushing wrench.

### 2. Installation:

- Remove the existing barrel bushing from the firearm.
- Clean the area where the new barrel bushing will be installed to ensure a proper fit.
- Insert the new barrel bushing into the slide, ensuring it is positioned correctly.
- Use the bushing wrench to tighten the bushing gently. Avoid overtightening as this may cause damage.
- Ensure that the bushing is secure and that the barrel fits snugly.

### 3. Usage:

- After installation, perform a function check to ensure that the firearm operates correctly.
- Test fire the firearm in a safe and controlled environment to confirm proper function and accuracy.

## Disposal Instructions

- Dispose of any damaged or worn barrel bushings in accordance with local regulations.
- Do not throw away in regular household waste. Contact your local waste management authority for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding the safety and usage of the 1911 AUTO NATIONAL MATCH BARREL BUSHING, please refer to the manufacturer's contact information provided with the product packaging.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your 1911 AUTO NATIONAL MATCH BARREL BUSHING. Always prioritize safety and compliance with applicable laws and regulations. Thank you for your attention to these important matters.
