

# HOWA 1500/WEATHERBY VANGUARD SHORT ACTION HD SCOPE BASES - EGW HOWA 1500/WEATHERBY VANGUARD SA 0 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Howa 1500/Weatherby Vanguard Short Action Heavy Duty Scope Bases.

Add the versatility of a one-piece Picatinny scope rail to your rifle. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Heavy Duty mounts are .100" lower than the Lightweight mounts to minimize weight and keep your optic closer to the barrel centerline for improved accuracy. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid extruded 7075 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite.

## Attributes

# Consumer Safety Instruction Guide for HOWA 1500/WEATHERBY VANGUARD SHORT ACTION HD SCOPE BASES

## Introduction

Thank you for choosing the EGW Howa 1500/Weatherby Vanguard Short Action Heavy Duty Scope Bases. This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read this guide carefully before installation and usage.

## General Safety Guidelines

- Ensure that the scope bases are compatible with your rifle model (Howa 1500 or Weatherby Vanguard) before installation.
- Always handle firearms and related equipment with care and in accordance with local laws and regulations.
- Store the scope bases in a cool, dry place when not in use to prevent damage.
- Regularly inspect the scope bases for any signs of wear or damage before each use.
- Keep the product out of reach of children and vulnerable individuals to prevent accidental injury.

## Specific Safety Precautions for Use

- Use only compatible Picatinny or Weaver scope rings with the scope bases to ensure secure mounting.
- Do not exceed the recommended torque of 20 inch lbs when installing the scope bases to avoid damaging the product or the firearm.
- Always use a drip of blue loctite on the screws to prevent loosening during use.
- Avoid using the scope bases in extreme weather conditions or environments that may compromise their integrity.
- If you notice any unusual movement or looseness in the scope after installation, stop using the rifle immediately and check the installation.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a socket head Torx® wrench.
- Ensure your rifle is unloaded and pointed in a safe direction.

### 2. Installation:

- Locate the factory scope mount holes on your rifle's receiver.
- Align the EGW scope bases with the mount holes.
- Insert the socket head Torx® screws into the holes and handtighten them.
- Use the wrench to tighten the screws to a torque of 20 inch lbs, ensuring that the bases are securely attached.
- Apply a drip of blue loctite to the screws to prevent loosening.

### 3. Usage:

- Once installed, mount your scope onto the Picatinny rail.
- Adjust the eye relief and position of the scope as needed.
- After mounting, doublecheck all screws and connections to ensure stability.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations concerning metal and aluminum waste.
- Do not dispose of the product in regular household waste.
- Consider recycling options for the aluminum material to minimize environmental impact.

## **Contact Information for Further Support**

For any safety inquiries or support regarding your product, please reach out to the appropriate consumer safety contact in your region. Ensure to keep your purchase information handy for reference.

By adhering to these safety instructions, you can ensure the safe and effective use of your HOWA 1500/Weatherby Vanguard Short Action HD Scope Bases. Thank you for your attention to safety and enjoy your shooting experience!
