

RUGER® AMERICAN® SHORT ACTION SCOPE BASES - EGW

RUGER® AMERICAN SHORT ACTION 20 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Ruger American Short Action Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

Safety Instruction Guide for RUGER® AMERICAN® SHORT ACTION SCOPE BASES

Introduction

Thank you for purchasing the EGW Ruger American Short Action Scope Bases. This guide provides essential safety instructions and information to ensure the safe installation and use of your scope bases. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always follow the manufacturer's instructions for installation and usage.
- Regularly inspect the scope bases for signs of wear or damage.
- Keep the product out of reach of children to prevent accidents.
- In case of any malfunction or irregularity, cease use immediately and consult a professional.

Specific Safety Precautions for Use

- **Installation Safety:** Ensure that you have the correct tools and follow the installation instructions precisely to avoid injuries.
- **Torque Specifications:** Use a torque wrench to apply 20 inch lbs of torque when installing the scope bases. Overtightening can damage the product or the firearm.
- **Loctite Application:** Apply a drip of blue Loctite to the screws to prevent loosening during use.
- **Weight Limitations:** Be aware of the weight limits of your scope. Excessive weight can compromise the integrity of the scope bases.
- **Environmental Conditions:** Avoid using the scope bases in extreme weather conditions that may affect performance.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools: torque wrench, socket head Torx® screws, and wrench.
- Ensure that the firearm is unloaded and pointed in a safe direction.

2. Installation:

- Locate the factory scope mount holes on the firearm's receiver.
- Align the scope bases with the mount holes.
- Insert the socket head Torx® screws into the aligned holes.
- Use the torque wrench to tighten the screws to 20 inch lbs.
- Apply a drip of blue Loctite to each screw to secure them in place.

3. Usage:

- After installation, check that the scope is securely mounted and that there are no loose parts.
- Adjust the scope for eye relief as needed, utilizing the Picatinny slot and rail spacing for flexibility.
- Regularly check the scope bases and screws for tightness before each use.

Disposal Instructions

- When the product reaches the end of its life, dispose of it in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, consider recycling options for aluminum materials.

Contact Information for Further Support

For any inquiries or concerns regarding safety or product performance, please refer to the manufacturer's contact information provided with your product packaging.

Conclusion

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your EGW Ruger American Short Action Scope Bases. Thank you for prioritizing safety and compliance with EU General Product Safety Regulations.
