

# 7-HOLE CHAMBER CHECKERS - EGW .308 WIN 7-HOLE CARTRIDGE CHECKER

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

Chamber Checkers help you avoid jams, misfires, feeding problems, and other malfunctions caused by out-of-spec ammo. Use with factory loaded ammunition as well as reloaded ammo prior to shooting to verify your ammunition is within SPEC. These 7-Hole checkers are machined from solid 6061 T6 aircraft grade aluminum and uses actual Clymer reamers to ensure the ammo matches your chamber. Measures minimum case diameter as well as maximum overall length. Anodized Matte Black.

# 7HOLE CHAMBER CHECKERS SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for purchasing the 7Hole Chamber Checkers EGW .308 Win. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. Please read this document carefully to understand how to use the chamber checker properly and safely.

## General Safety Guidelines

- Always use the chamber checker in a safe and controlled environment.
- Ensure that all firearms are unloaded before using the chamber checker.
- Keep the chamber checker out of reach of children and unauthorized users.
- Regularly inspect the chamber checker for signs of wear or damage before each use.
- Follow all manufacturer instructions and guidelines for safe usage.

## Specific Safety Precautions for Use

- Ensure that the ammunition you are checking is compatible with the .308 Winchester specification.
- Do not use the chamber checker with damaged or malformed cartridges.
- Avoid using excessive force when inserting or removing cartridges from the chamber checker.
- If you experience any malfunction or difficulty, cease use immediately and consult a qualified professional.
- Always wear appropriate eye protection when handling ammunition and firearms.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your work area is clean and free from distractions.
- Gather your .308 Winchester ammunition and the 7Hole Chamber Checker.

### 2. Using the Chamber Checker:

- Verify that the chamber checker is clean and free from debris.
- Insert the cartridge into one of the holes of the chamber checker.
- Ensure the cartridge is fully seated in the hole without excessive force.
- Check for any gaps or misalignment. The cartridge should fit snugly without wobbling.
- Measure the minimum case diameter and maximum overall length as indicated by the chamber checker.
- Repeat the process for each cartridge you wish to check.

### 3. PostUsage:

- Remove all cartridges from the chamber checker after use.
- Clean the chamber checker with a soft cloth to remove any residue or debris.
- Store the chamber checker in a safe place, away from children and unauthorized users.

## Disposal Instructions

- Dispose of any damaged or unusable cartridges according to local regulations.
- The 7Hole Chamber Checker is made from solid 6061 T6 aircraft grade aluminum and can be recycled.

Please check local recycling guidelines for proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or further support, please reach out to the designated EU contact point provided with your product packaging.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure the safe use of your 7Hole Chamber Checkers EGW .308 Win. Always prioritize safety and consult professionals if you have any concerns regarding the use of this product. Thank you for choosing our product, and stay safe.
