

7-HOLE CHAMBER CHECKERS - EGW .40 S&W 7-HOLE CARTRIDGE CHECKER

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

Chamber Checkers help you avoid jams, misfires, feeding problems, and other malfunctions caused by out-of-spec ammo. Use with factory loaded ammunition as well as reloaded ammo prior to shooting to verify your ammunition is within SPEC. These 7-Hole checkers are machined from solid 6061 T6 aircraft grade aluminum and uses actual Clymer reamers to ensure the ammo matches your chamber. Measures minimum case diameter as well as maximum overall length. Anodized Matte Black.

Safety Instruction Guide for 7Hole Chamber Checkers EGW .40 S&W

Introduction

Thank you for choosing the 7Hole Chamber Checkers EGW .40 S&W. This product is designed to help you verify the specifications of your ammunition, ensuring safe and reliable performance. Please read this safety instruction guide carefully to understand how to use this product safely and effectively.

General Safety Guidelines

- Always use the chamber checker in a safe and controlled environment.
- Ensure that the area is free from distractions and hazards.
- Keep the chamber checker out of reach of children and vulnerable individuals.
- Regularly inspect the chamber checker for any signs of wear or damage.
- Follow all local laws and regulations regarding the use of firearms and ammunition.

Specific Safety Precautions for Use

- **Avoid Jams and Misfires:** Use the chamber checker to verify that your ammunition is within specifications to prevent jams and misfires.
- **Check for Compatibility:** Ensure that the ammunition you are using is compatible with your firearm and within the specifications outlined by the manufacturer.
- **Inspect Before Use:** Always inspect the chamber checker before use to ensure it is free from dirt, debris, or damage.
- **Use Properly:** Do not use the chamber checker for any purpose other than its intended use.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your workspace is clean and welllit.
- Gather all necessary materials, including the chamber checker and the ammunition you wish to test.

2. Using the Chamber Checker:

- Place the chamber checker on a flat, stable surface.
- Insert the cartridge into the appropriate hole of the chamber checker.
- Ensure that the cartridge fits snugly and that there are no gaps.
- Check both the minimum case diameter and maximum overall length as specified.

3. PostUse Inspection:

- After using the chamber checker, inspect it for any signs of wear or damage.
- Clean the chamber checker with a soft cloth to remove any residue.

Disposal Instructions

- Dispose of the chamber checker in accordance with local regulations.
- If the chamber checker is damaged beyond repair, contact local waste management for proper disposal methods.

Contact Information for Further Support

For any inquiries or further assistance regarding the use of the 7Hole Chamber Checkers EGW .40 S&W, please refer to the manufacturer's website or contact their customer support for guidance.

Conclusion

By following these safety instructions, you can ensure the safe and effective use of the 7Hole Chamber Checkers EGW .40 S&W. Always prioritize safety and adhere to the guidelines provided. Thank you for your commitment to responsible firearm practices.
