

7-HOLE CHAMBER CHECKERS - EGW .38 SUPER 7-HOLE CARTRIDGE CHECKER

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

Chamber Checkers help you avoid jams, misfires, feeding problems, and other malfunctions caused by out-of-spec ammo. Use with factory loaded ammunition as well as reloaded ammo prior to shooting to verify your ammunition is within SPEC. These 7-Hole checkers are machined from solid 6061 T6 aircraft grade aluminum and uses actual Clymer reamers to ensure the ammo matches your chamber. Measures minimum case diameter as well as maximum overall length. Anodized Matte Black.

Safety Instruction Guide for 7Hole Chamber Checkers EGW .38 Super

Introduction

Thank you for choosing the 7Hole Chamber Checkers EGW .38 Super. This product is designed to help you verify that your ammunition is within specification, thus minimizing the risk of jams, misfires, and other malfunctions. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always ensure that you are using the correct ammunition for your firearm.
- Inspect your chamber checker before each use for any signs of damage or wear.
- Use the chamber checker in a safe and controlled environment to avoid accidents.
- Keep the chamber checker out of reach of children and vulnerable individuals.
- Report any unsafe product experiences to the relevant authorities.

Specific Safety Precautions for Use

- Do not use the chamber checker if it appears damaged or has been altered in any way.
- Always verify that the chamber checker is clean and free of debris before use.
- Ensure that the chamber checker is used only with factoryloaded or properly reloaded ammunition.
- Avoid using the chamber checker in wet or humid conditions to prevent corrosion.
- Do not force the ammunition into the chamber checker; if it does not fit, do not use it.

Instructions for Installation and Usage

1. Preparation:

- Ensure that you are in a safe location, away from others.
- Gather your ammunition and the 7Hole Chamber Checker.

2. Checking Ammunition:

- Insert the cartridge into one of the holes of the chamber checker.
- Ensure that the cartridge fits snugly but does not require excessive force.
- Check the minimum case diameter and maximum overall length as indicated by the chamber checker.

3. Verification:

- If the cartridge fits correctly, it is likely within specification.
- If the cartridge does not fit, do not use that ammunition and consider consulting a professional.

4. PostUse:

- Clean the chamber checker after each use to maintain its integrity.
- Store the chamber checker in a cool, dry place away from direct sunlight.

Disposal Instructions

- When disposing of the 7Hole Chamber Checker, ensure that it is done in accordance with local regulations.

- If the product is damaged beyond use, consider recycling the aluminum material if possible.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any inquiries or concerns regarding the use of the 7Hole Chamber Checkers EGW .38 Super, please consult the appropriate authorities or safety organizations in your area.

By following these safety guidelines and instructions, you can ensure the safe and effective use of the 7Hole Chamber Checkers EGW .38 Super. Thank you for prioritizing safety in your shooting practices.
