

REMINGTON 597 SCOPE BASES - EGW REMINGTON 597 0 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Remington 597 Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to $\pm .002$ ". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

Safety Instruction Guide for REMINGTON 597 SCOPE BASES

Introduction

Thank you for choosing the EGW Remington 597 Scope Bases. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this guide carefully and keep it for future reference.

General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always check for any visible damage before installation. Do not use if damaged.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the scope bases for wear or damage.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about any product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Installation Safety:** Ensure that the firearm is unloaded before installation.
- **Torque Specifications:** Follow the recommended torque of 20 inch lbs when attaching the scope bases. Overtightening can damage the firearm.
- **Loctite Use:** Apply a drop of blue loctite to screws to prevent loosening from recoil.
- **Scope Compatibility:** Only use Picatinny or Weaver scope rings with this product.
- **Weight Consideration:** Be aware of the weight of the scope you plan to mount; excessive weight can affect balance and handling of the firearm.
- **Environmental Conditions:** Avoid using the product in extreme weather conditions that may affect its integrity.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded.
- Gather necessary tools, including a Torx® wrench.

2. Installation Steps:

- Locate the factory scope mount holes on the receiver of your Remington 597.
- Align the EGW Remington 597 Scope Bases with the mount holes.
- Insert the socket head Torx® screws into the holes and handtighten.
- Use the Torx® wrench to tighten the screws to the recommended torque of 20 inch lbs.
- Apply a drop of blue loctite to each screw for added security.

3. Mounting the Scope:

- Choose compatible Picatinny or Weaver scope rings.
- Attach the scope to the rings according to the scope manufacturer's instructions.
- Adjust the eye relief as needed for comfort and accuracy.

4. Final Check:

- Doublecheck all screws for tightness.

- Ensure the scope is securely mounted and aligned.

Disposal Instructions

- Dispose of packaging materials in accordance with local regulations.
- If the product is no longer usable, follow local waste disposal guidelines for metal and plastic materials.

Contact Information for Further Support

For any questions or concerns regarding the product, please refer to the manufacturer's website or customer service for assistance.

Thank you for your attention to these safety guidelines. Enjoy your shooting experience with the EGW Remington 597 Scope Bases.
