

# HOWA 1500/WEATHERBY VANGUARD LONG ACTION HD SCOPE BASES - EGW HOWA 1500/WEATHERBY VANGUARD LA 0 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Howa 1500/Weatherby Vanguard Long Action Heavy Duty Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Heavy Duty mounts are .100" lower than the Lightweight mounts to minimize weight and keep your optic closer to the barrel centerline for improved accuracy. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid extruded 7075 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite.

# Safety Instruction Guide for EGW Howa 1500/Weatherby Vanguard Long Action HD Scope Bases

## Introduction

Thank you for choosing the EGW Howa 1500/Weatherby Vanguard Long Action Heavy Duty Scope Bases. This guide provides important safety instructions and usage information to ensure you can use this product safely and effectively.

## General Safety Guidelines

- Always ensure that the firearm is unloaded before installing or adjusting the scope bases.
- Inspect the scope bases for any signs of damage or defects before use.
- Use the scope bases only with compatible firearms as specified in the product description.
- Follow all local laws and regulations regarding firearm use and modifications.
- Keep the scope bases out of reach of children and unauthorized users.

## Specific Safety Precautions for Use

- Ensure that the scope bases are installed securely to prevent any movement during use.
- Use the recommended torque settings (20 inch lbs) when installing the scope bases to avoid overtightening.
- Apply a drip of blue loctite to the screws to ensure they remain secure during use.
- Do not exceed the weight limits of the scope bases to prevent failure.
- Regularly check the scope bases for signs of wear and tear, and replace if necessary.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools: a socket head Torx® wrench and blue loctite.

### 2. Installation:

- Align the scope bases with the existing factory scope mount holes on the firearm's receiver.
- Insert the socket head Torx® screws into the holes and handtighten them.
- Using the wrench, tighten the screws to the recommended torque of 20 inch lbs.
- Apply a drip of blue loctite to each screw to secure them in place.

### 3. Usage:

- Once installed, mount your Picatinny or Weaver scope rings onto the scope bases.
- Ensure that the scope is properly aligned and secured before use.
- Check the scope alignment and eye relief adjustments as needed for optimal accuracy.

## Disposal Instructions

- When disposing of the scope bases, follow local regulations for aluminum recycling.
- Ensure that any screws or small parts are disposed of properly to prevent environmental harm.

## **Contact Information for Further Support**

For any safety inquiries or additional support, please refer to the manufacturer's contact details provided with your product packaging.

By following these guidelines, you can ensure safe and effective use of your EGW Howa 1500/Weatherby Vanguard Long Action Heavy Duty Scope Bases. Thank you for your attention to safety.
