

HOWA 1500/ VANGUARD SHORT ACTION STEEL HD SCOPE BASES - EGW HOWA 1500/WEATHERBY VANGUARD SA 20 MOA STEEL

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Howa 1500/Weatherby Vanguard Short Action Heavy Duty Steel Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from hardened steel with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Heavy Duty (HD) mounts are .100" lower than the Lightweight mounts to minimize weight and keep your optic closer to the barrel centerline for improved accuracy. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid 4140 carbon steel pre-hardened to Rc 35-35 before machining. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite.

Safety Instruction Guide for EGW Howa 1500/Weatherby Vanguard Short Action Steel HD Scope Bases

Introduction

Thank you for choosing the EGW Howa 1500/Weatherby Vanguard Short Action Heavy Duty Steel Scope Bases. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. Please read this document thoroughly before installation and use.

General Safety Guidelines

- Ensure that all safety precautions are followed to prevent accidents or injuries.
- Always handle firearms and accessories with care, following all local laws and regulations.
- Inspect the scope bases and firearm before use to ensure they are in good condition.
- Keep the product out of reach of children and unauthorized users.
- Report any unsafe products or incidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Do not exceed the recommended torque of 20 inch lbs when installing the scope bases.
- Always use a drip of blue loctite on screws to secure them properly.
- Ensure that the scope bases are compatible with your firearm model before installation.
- Avoid using the product if it shows signs of damage or wear.
- Use the product only for its intended purpose as described in this guide.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a socket head Torx® wrench.
- Ensure you have a clean and welllit workspace.

2. Installation:

- Remove any existing scope mounts from your firearm.
- Align the EGW scope bases with the factory scope mount holes on the receiver of your firearm.
- Insert the provided socket head Torx® screws into the holes of the scope bases.
- Tighten the screws to the recommended torque of 20 inch lbs using the Torx® wrench.
- Apply a drip of blue loctite to the screws to prevent loosening.

3. Usage:

- Once installed, attach your Picatinny or Weaver scope rings to the scope bases.
- Adjust the scope to your desired eye relief and secure it according to the scope manufacturer's instructions.
- Always doublecheck that all connections are secure before using the firearm.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the product is no longer in use, dispose of it responsibly, ensuring it does not pose a hazard to others.
- Consider recycling components where possible.

Contact Information for Further Support

For any questions or additional support regarding the EGW Howa 1500/Weatherby Vanguard Short Action Steel HD Scope Bases, please refer to the manufacturer's contact information provided with your product.

Thank you for your attention to these safety instructions. Enjoy using your scope bases responsibly and safely.
