

BROWNING A-BOLT LONG ACTION SCOPE BASES - EGW BROWNING A-BOLT LONG ACTION 20 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Browning A-Bolt Long Action Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to $\pm .002$ ". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

BROWNING ABOLT LONG ACTION SCOPE BASES

Safety Instruction Guide

Introduction

Thank you for choosing the EGW Browning ABolt Long Action Scope Bases. This guide provides essential safety instructions to ensure the safe use and installation of your scope bases. Please read this guide thoroughly before use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle firearms and accessories safely and responsibly.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the scope bases for signs of wear or damage before each use.
- Follow all local laws and regulations regarding the use of firearms and firearm accessories.

Specific Safety Precautions for Use

- **Installation Safety:** Ensure the firearm is unloaded before installing the scope bases.
- **Torque Specifications:** Use a torque wrench to apply the recommended 20 inch lbs of torque when mounting the scope bases. Overtightening may damage the firearm or the scope bases.
- **Loctite Application:** Apply a drop of blue Loctite to the screws to prevent loosening during use, but avoid overapplication.
- **Compatibility Check:** Confirm that the scope rings used are compatible with the Picatinny rail system to ensure secure mounting.
- **Regular Maintenance:** Periodically check the tightness of the screws and the condition of the scope bases, especially after heavy use or exposure to harsh conditions.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is completely unloaded.
- Gather necessary tools: a torque wrench, Torx® wrench (included), and blue Loctite.

2. Installation:

- Locate the factory scope mount holes on the firearm's receiver.
- Align the EGW Browning ABolt Long Action Scope Bases with the mount holes.
- Insert the socket head Torx® screws into the aligned holes.
- Using the torque wrench, tighten each screw to 20 inch lbs of torque.
- Apply a drop of blue Loctite to each screw to secure them in place.

3. Usage:

- After installation, attach your scope to the Picatinny rail.
- Adjust the scope for eye relief as needed.
- Ensure that the scope is securely mounted before use.

4. PostInstallation Check:

- Check the alignment and tightness of the scope bases and rings.

- Test the stability of the mounted scope by gently shaking the firearm.

Disposal Instructions

- Dispose of packaging materials responsibly by recycling them where possible.
- If the scope bases need to be replaced, follow local regulations for the disposal of metal and other materials.

Contact Information for Further Support

For safety inquiries or additional information about the product, please refer to the manufacturer's website or contact your local retailer.

By following these safety instructions, you will help ensure a safe and effective experience with your EGW Browning ABolt Long Action Scope Bases. Always prioritize safety and responsible handling when using firearms and their accessories.
