

# BROWNING X-BOLT LONG ACTION HD SCOPE BASES - EGW

## BROWNING X-BOLT LONG ACTION 0 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Browning X-Bolt Long Action Heavy Duty Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Heavy Duty mounts are .100" lower than the Lightweight mounts to minimize weight and keep your optic closer to the barrel centerline for improved accuracy. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid extruded 7075 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite.

# Safety Instruction Guide for BROWNING XBOLT LONG ACTION HD SCOPE BASES

## Introduction

Thank you for choosing the EGW Browning XBolt Long Action Heavy Duty Scope Bases. This product is designed to enhance your shooting experience by providing a sturdy and reliable mounting solution for your scope. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always ensure that your firearm is unloaded before installing or adjusting any accessories.
- Use this product only with compatible firearms as specified by the manufacturer.
- Regularly inspect the scope bases and attachments for any signs of wear or damage.
- Store this product in a dry and secure location, away from children and unauthorized users.
- Report any unsafe products or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure that the scope bases are installed correctly to prevent any movement or misalignment during use.
- Do not exceed the recommended torque specifications of 20 inch lbs when securing the bases.
- Use blue Loctite on screws to prevent loosening due to recoil.
- Always check the compatibility of your scope rings with the Picatinny rail before installation.
- Avoid using the scope bases in extreme weather conditions without proper protection.

## Instructions for Installation and Usage

### 1. Preparation

- Gather necessary tools: a socket head Torx wrench and blue Loctite.
- Ensure the firearm is unloaded and in a safe condition.

### 2. Installation

- Locate the factory scope mount holes on the receiver of your Browning XBolt.
- Align the EGW Browning XBolt Long Action Scope Bases with the mount holes.
- Insert the Torx screws through the bases into the mount holes.
- Apply blue Loctite to the screws before tightening.
- Use the Torx wrench to tighten the screws to the recommended torque of 20 inch lbs.

### 3. Usage

- Once installed, attach your scope using compatible Picatinny or Weaver scope rings.
- Adjust the scope for eye relief as necessary, utilizing the Picatinny slotandrail spacing for flexibility.
- Regularly check the tightness of the screws and the alignment of the scope during use.

## Disposal Instructions

- Dispose of this product in accordance with local regulations regarding metal and electronic waste.
- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer usable, consider recycling the materials where possible.

## **Contact Information for Further Support**

For any inquiries or issues regarding the EGW Browning XBolt Long Action Heavy Duty Scope Bases, please refer to the manufacturer's contact information provided with your purchase.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your new scope bases. Thank you for your attention to safety and responsible use.
