

# **BROWNING X-BOLT LONG ACTION HD SCOPE BASES - EGW**

## **BROWNING X-BOLT LONG ACTION 20 MOA**

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Browning X-Bolt Long Action Heavy Duty Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Heavy Duty mounts are .100" lower than the Lightweight mounts to minimize weight and keep your optic closer to the barrel centerline for improved accuracy. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid extruded 7075 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite.

### **Attributes**

- Name: [EGW BROWNING X-BOLT LONG ACTION 20 MOA](#)

# Safety Instruction Guide for BROWNING XBOLT LONG ACTION HD SCOPE BASES

## Introduction

Thank you for purchasing the EGW Browning XBolt Long Action Heavy Duty Scope Bases. This guide provides essential safety instructions and information to ensure the safe and effective use of this product. Please read this guide carefully before installation and usage.

## General Safety Guidelines

- Ensure that the scope bases are compatible with your Browning XBolt Long Action firearm.
- Always handle firearms responsibly and in accordance with local laws and regulations.
- Inspect the scope bases for any damage before installation. Do not use if damaged.
- Keep the product out of reach of children and vulnerable individuals.
- Use the product only for its intended purpose as described in this guide.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Always wear appropriate eye protection when handling firearms and during installation.
- Ensure that the firearm is unloaded before installing the scope bases.
- Follow the manufacturer's torque recommendations (20 inch lbs) when securing the scope bases.
- Use a drip of blue loctite on the screws to prevent loosening during use.
- Be aware of the weight difference between Heavy Duty and Lightweight mounts; Heavy Duty mounts are .100" lower.
- Regularly check the tightness of the screws and the condition of the scope bases during use.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather necessary tools: socket head Torx® wrench, blue loctite, and a clean workspace.
- Ensure the firearm is unloaded and pointed in a safe direction.

### 2. Installation Steps:

- Align the scope bases with the factory scope mount holes on the firearm's receiver.
- Insert the socket head Torx® screws through the scope bases into the holes.
- Tighten the screws to a torque of 20 inch lbs, ensuring even pressure on both sides.
- Apply a small amount of blue loctite to each screw to secure them in place.

### 3. Usage:

- Once installed, attach your Picatinny or Weaver scope rings to the scope bases.
- Adjust the scope for proper eye relief and reticle alignment.
- Regularly check the installation for any signs of wear or loosening.

## Disposal Instructions

- Dispose of any packaging materials in accordance with local recycling regulations.
- When disposing of the scope bases, ensure that they are recycled or discarded in a manner that complies with local waste management guidelines.

## **Contact Information for Further Support**

For any inquiries regarding the safety and use of your BROWNING XBOLT LONG ACTION HD SCOPE BASES, please refer to the manufacturer's contact information provided on the product packaging.

Thank you for following these safety instructions. Your safety and satisfaction are our top priorities. Enjoy the enhanced performance of your Browning Xbolt Long Action with EGW scope bases.
