

BROWNING X-BOLT SHORT ACTION HD SCOPE BASES - EGW

BROWNING X-BOLT SHORT ACTION 20 MOA STEEL

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Browning X-Bolt Short Action Heavy Duty Steel Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from hardened steel with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Heavy Duty (HD) mounts are .100" lower than the Lightweight mounts to minimize weight and keep your optic closer to the barrel centerline for improved accuracy. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid 4140 carbon steel pre-hardened to Rc 35-35 before machining. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite.

Safety Instruction Guide for BROWNING XBOLT SHORT ACTION HD SCOPE BASES

Introduction

Thank you for choosing the EGW Browning XBolt Short Action Heavy Duty Steel Scope Bases. This guide provides essential safety instructions, usage guidelines, and disposal instructions to ensure your safety and the proper functioning of the product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always follow the manufacturer's instructions during installation and use.
- Regularly inspect the scope bases for any signs of wear or damage.
- Do not exceed the recommended torque specifications for installation.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always use the scope bases with compatible scope rings (Picatinny or Weaver).
- Ensure that the firearm is unloaded before installing the scope bases.
- Avoid overtightening screws to prevent damage to the scope bases or firearm.
- Use blue loctite as recommended to secure screws and prevent loosening.
- Be aware of the weight distribution changes when adding a scope to the firearm.
- Ensure proper eye relief adjustments to avoid injury during use.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is unloaded and in a safe condition.
- Gather necessary tools: socket head Torx® wrench and blue loctite.

2. Installation:

- Align the EGW Browning XBolt Short Action HD Scope Bases with the factory scope mount holes on the receiver.
- Insert the socket head Torx® screws into the predrilled holes.
- Tighten the screws to a torque of 20 inch lbs, applying a drop of blue loctite to each screw before tightening.
- Ensure that the bases are securely attached and check for any movement.

3. Usage:

- Attach your scope to the installed bases using compatible Picatinny or Weaver scope rings.
- Adjust the scope to achieve the desired eye relief.
- Regularly check the mounting screws for tightness, especially after initial use.

Disposal Instructions

- Dispose of the product in accordance with local regulations for metal products.
- Do not dispose of the product in household waste.

- Contact local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or support related to the EGW Browning XBolt Short Action Heavy Duty Steel Scope Bases, please refer to the manufacturer's website or customer service.

Please ensure that you keep this guide for future reference and share it with anyone who may use the product. Your safety is our priority. Thank you for your attention to these important guidelines.
