

MARLIN 1894 SCOPE BASES - EGW MARLIN 1894 UNDRILLED 0 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Marlin 1894 Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

Attributes

- Name: [EGW MARLIN 1894 UNDRILLED 0 MOA](#)

Safety Instruction Guide for EGW Marlin 1894 Scope Bases

Introduction

Thank you for choosing the EGW Marlin 1894 Scope Bases. This guide provides essential safety instructions and information to ensure the safe and effective use of your product. Please read this guide carefully before installation and usage.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as a scope mount for the Marlin 1894 rifle.
- Always handle firearms and accessories with care and follow all safety protocols related to firearms.
- Keep the scope bases out of reach of children and unauthorized users.
- Inspect the product for any visible damage or defects before use. Do not use if damaged.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Do not exceed the recommended torque of 20 inch lbs when mounting the scope bases.
- Use a drip of blue Loctite on the screws to ensure they remain secure during use.
- Ensure that the scope rings used are compatible with the Picatinny or Weaver rail system.
- Avoid using excessive force when tightening screws to prevent stripping or damaging the product.
- Always check the alignment of the scope after installation to ensure proper sighting.

Instructions for Installation and Usage

Installation Steps

1. **Preparation:** Gather necessary tools including a socket head Torx wrench and blue Loctite.
2. **Positioning:** Align the scope bases with the factory scope mount holes on the Marlin 1894 receiver.
3. **Attachment:**
 - Insert the socket head Torx screws into the predrilled holes of the scope bases.
 - Tighten the screws gradually, alternating between screws to ensure even pressure.
 - Apply a drip of blue Loctite to each screw before final tightening.
4. **Torque:** Use a torque wrench to tighten the screws to the recommended 20 inch lbs.
5. **Final Check:** Verify that the scope is securely mounted and check for any movement or misalignment.

Usage

- After installation, test the scope for proper eye relief and adjust as necessary.
- Regularly check the scope mounts and screws for tightness, especially after extensive use or transport.

Disposal Instructions

- Dispose of the product responsibly according to local regulations.
- If the product is damaged or no longer needed, consider recycling the aluminum components where possible.
- Do not dispose of in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of the EGW Marlin 1894 Scope Bases, please refer

to the manufacturer's website or contact your local retailer for assistance.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy your shooting experience responsibly!
