

MARLIN 1895, 336, 4440 SCOPE BASES - EGW MARLIN 1895, 336, 444 0 MOA SILVER

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Marlin 1895, 336, 444 Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

Safety Instruction Guide for EGW Marlin 1895, 336, 444 Scope Bases

Introduction

Thank you for choosing the EGW Marlin 1895, 336, 444 Scope Bases. This guide provides essential safety instructions and information to ensure the safe use and installation of your scope bases. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always follow the manufacturer's instructions for installation and usage.
- Inspect the scope bases for any signs of damage before each use.
- Keep the product out of reach of children and vulnerable individuals.
- If you notice any defects or issues, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

- Use only compatible Picatinny or Weaver scope rings with these scope bases.
- Ensure that the torque applied during installation does not exceed 20 inch lbs to avoid damage.
- Use a drip of blue loctite on the screws during installation to prevent loosening.
- Avoid overtightening the screws as this may strip the threads or damage the scope bases.
- Do not modify the scope bases in any way, as this may compromise safety and performance.
- Always check the stability and alignment of the scope after installation before use.

Instructions for Installation and Usage

1. Preparation

- Gather necessary tools: a torque wrench, a socket head Torx® wrench, and blue loctite.
- Ensure the firearm is unloaded and safe to handle.

2. Installation Steps

- Locate the factory scope mount holes on the receiver of your firearm.
- Align the EGW scope base with the mount holes.
- Insert the socket head Torx® screws through the base into the mount holes.
- Tighten each screw gradually, alternating between screws to ensure even pressure.
- Apply torque to each screw, ensuring not to exceed 20 inch lbs.
- Apply a drip of blue loctite to each screw to secure them in place.

3. Usage

- Once installed, attach your scope to the Picatinny or Weaver rings as per the scope's instructions.
- Adjust the scope for eye relief and reticle alignment as needed.
- Always perform a function check to ensure the scope is securely mounted before use.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling materials where possible to minimize environmental impact.

Contact Information for Further Support

For any inquiries related to safety or product issues, please refer to the manufacturer's contact details provided with the product packaging or on the manufacturer's website.

Thank you for your attention to these safety guidelines. Enjoy your shooting experience with the EGW Marlin 1895, 336, 444 Scope Bases safely!
