

MARLIN 917, 982 SCOPE BASES - EGW MARLIN 917, 982 0 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Marlin 917, 982 Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

Safety Instruction Guide for EGW Marlin 917, 982 Scope Bases

Introduction

Thank you for choosing the EGW Marlin 917, 982 Scope Bases. This guide provides important safety instructions and information to ensure the safe and effective use of your scope bases. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the scope bases are compatible with your firearm model (Marlin 917 or 982).
- Always follow the manufacturer's instructions for installation and use.
- Regularly inspect the scope bases for wear or damage before use.
- Keep the product out of reach of children and vulnerable individuals.
- Do not use the scope bases if they show signs of damage or wear.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Do not exceed the recommended torque of 20 inch lbs when securing the scope bases.
- Use blue loctite as recommended to ensure a secure fit.
- Ensure that all screws are tightened properly before use to prevent any movement.
- When adjusting the scope, do so in a safe environment, ensuring the firearm is pointed in a safe direction.
- Always wear appropriate eye protection when using firearms equipped with scopes.
- Be aware of your surroundings and ensure a safe shooting environment.

Instructions for Installation and Usage

Installation Instructions

1. **Preparation:** Gather all necessary tools, including a socket head Torx® wrench.
2. **Align the Base:** Position the scope base over the factory scope mount holes on the receiver of your firearm.
3. **Insert Screws:** Using the provided socket head Torx® screws, insert them into the holes. Do not fully tighten at this stage.
4. **Adjust Eye Relief:** Before tightening, adjust the scope to your desired eye relief position.
5. **Secure the Base:** Tighten the screws to the recommended torque of 20 inch lbs. Apply a drop of blue loctite to each screw for added security.
6. **Final Check:** Ensure that the scope base is secure and that there is no movement.

Usage Instructions

- Once installed, attach your Picatinny or Weaver scope rings to the base.
- Regularly check the tightness of the screws, especially after the first few uses.
- Make adjustments to your scope as necessary, ensuring all adjustments are made safely.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the scope bases are no longer usable, dispose of them in a manner that complies with local waste management regulations.

- Do not dispose of the product in household waste; check for recycling options.

Contact Information for Further Support

For any questions or concerns regarding the EGW Marlin 917, 982 Scope Bases, please refer to the manufacturer's website or contact their customer support for assistance.

By following these safety instructions, you can ensure a safe and enjoyable experience with your EGW Marlin 917, 982 Scope Bases. Thank you for prioritizing safety and responsible usage.
