

# MARLIN 917, 982 SCOPE BASES - EGW MARLIN 917, 982 20 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Marlin 917, 982 Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to  $\pm .002$ ". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

## Attributes

- Name: [EGW MARLIN 917, 982 20 MOA](#)
- Manufacturer: [EGW](#)
- Product no.: 296000322

# Safety Instruction Guide for EGW Marlin 917, 982 Scope Bases

## Introduction

Thank you for choosing the EGW Marlin 917, 982 Scope Bases. This guide provides essential safety information and instructions for the proper installation and usage of your scope bases. Please read this guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that the scope bases are suitable for your specific firearm model (Marlin 917, 982, XT22, XT17).
- Always handle firearms with care and follow all safety protocols related to firearms.
- Use the scope bases only for their intended purpose as outlined in this guide.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the scope bases for any signs of wear or damage before each use.
- In case of any concerns regarding the safety or integrity of the product, discontinue use immediately.

## Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before installing or adjusting the scope bases.
- Use proper tools, such as a socket head Torx wrench, to avoid damaging the screws during installation.
- Do not exceed the recommended torque of 20 inch lbs when securing the scope bases.
- Apply a drop of blue Loctite to the screws to prevent them from loosening during use.
- Ensure that the scope rings used are compatible with Picatinny or Weaver mounting systems.
- Avoid using the scope bases in extreme weather conditions that could affect their performance.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Gather the necessary tools: a socket head Torx wrench and blue Loctite.

### 2. Installation

- Locate the factory scope mount holes on your firearm's receiver.
- Align the EGW Marlin 917, 982 Scope Base with the mount holes.
- Insert the provided socket head Torx screws into the alignment holes.
- Tighten the screws using the Torx wrench to the recommended torque of 20 inch lbs.
- Apply a drop of blue Loctite to each screw to ensure a secure fit.

### 3. Usage

- Once installed, mount your scope onto the Picatinny rail.
- Adjust the scope to achieve the desired eye relief and secure it in place.
- Regularly check the tightness of the screws and the scope during use.

## Disposal Instructions

- Dispose of the product in accordance with local regulations concerning aluminum and metal waste.
- Do not dispose of the product in household waste. Instead, utilize recycling facilities where available.

## **Contact Information for Further Support**

For any inquiries regarding safety or product issues, please reach out to the appropriate local authorities or consult the product retailer for assistance.

By following these guidelines, you can ensure the safe and effective use of your EGW Marlin 917, 982 Scope Bases. Thank you for prioritizing safety and compliance.
