

# MAUSER 98 LARGE RING 3-HOLE SCOPE BASES - EGW MAUSER 98 LARGE RING (3-HOLE) 20 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Mauser 98 Large Ring 3-Hole Scope Bases. Rifle bases precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to  $\pm 0.002$ ". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

## Attributes

# MAUSER 98 Large Ring 3Hole Scope Bases Safety Instructions

## Introduction

Thank you for choosing the MAUSER 98 Large Ring 3Hole Scope Bases from EGW. This product is designed to enhance your shooting experience by providing a stable and secure mounting solution for your scope. This safety instruction guide is designed to ensure your safe usage of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always ensure that the product is used in accordance with the manufacturer's instructions.
- Inspect the scope bases before each use for any signs of damage or wear.
- Ensure that all screws and components are tightened to the recommended torque specifications.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe product conditions or accidents to the appropriate authorities.
- Check for recall updates regularly on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the scope bases are compatible with your rifle model (Mauser 98) before installation.
- Use only Picatinny or Weaver scope rings as recommended.
- Avoid overtightening screws, which can lead to damage of the scope bases or the rifle.
- Always use a torque wrench to achieve the recommended 20 inch lbs of torque when mounting.
- Apply a drip of blue Loctite to the screws to prevent loosening during use.
- Do not use the scope bases if you notice any deformities or if they do not fit securely on your rifle.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a torque wrench and a socket head Torx® wrench.
- Ensure that your rifle is unloaded and pointed in a safe direction.

### 2. Installation:

- Align the scope bases with the mounting holes on your Mauser 98 rifle.
- Insert the socket head Torx® screws into the bases and handtighten them.
- Using the torque wrench, tighten each screw to the recommended torque of 20 inch lbs.
- Apply a small amount of blue Loctite to each screw before final tightening to secure them in place.

### 3. Usage:

- Once installed, attach your scope using Picatinny or Weaver rings.
- Adjust the scope to achieve your desired eye relief and secure it according to the manufacturer's instructions.
- Regularly check the tightness of the screws, especially after heavy use.

## Disposal Instructions

- Dispose of the product in accordance with local regulations regarding aluminum and metal waste.
- Do not dispose of the product in fire as it may cause hazardous fumes or reactions.

## **Contact Information for Further Support**

For any inquiries or support regarding the MAUSER 98 Large Ring 3Hole Scope Bases, please refer to the manufacturer's contact information provided with your product packaging.

By following these safety guidelines and instructions, you can ensure the safe and effective use of your MAUSER 98 Large Ring 3Hole Scope Bases. Enjoy your shooting experience while prioritizing safety and compliance with regulations.
