

MAUSER 98 LARGE RING SCOPE BASES - EGW MAUSER 98 LARGE RING 20 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Mauser 98 Large Ring Scope Bases. Rifle bases precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/-0.002". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

Attributes

MAUSER 98 Large Ring Scope Bases Safety Instruction Guide

Introduction

Thank you for choosing the MAUSER 98 Large Ring Scope Bases by EGW. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this guide carefully before installation and usage.

General Safety Guidelines

- Ensure that the product is suitable for your specific rifle model.
- Always inspect the scope bases for any damage or defects before installation.
- Keep the product out of reach of children and vulnerable individuals.
- Follow all installation and usage instructions to avoid accidents.
- Report any unsafe product conditions or incidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the scope bases are securely attached to the rifle before use.
- Use only compatible Picatinny or Weaver scope rings as specified.
- Do not exceed the recommended torque of 20 inch lbs when mounting.
- Use a drip of blue loctite to secure screws, but avoid overapplication.
- Avoid exposing the scope bases to extreme temperatures or harsh environments.
- Regularly check the tightness of screws and the integrity of the scope bases during use.

Instructions for Installation and Usage

Installation

1. **Tools Required:** You will need a Torx® wrench (included) and a drip of blue loctite.
2. **Preparation:**
 - Ensure the rifle is unloaded and pointed in a safe direction.
 - Clean the mounting area on the rifle to remove any debris or oil.
3. **Mounting the Scope Bases:**
 - Align the scope bases with the Picatinny rail on your rifle.
 - Using the included Torx® screws, attach the scope bases securely.
 - Apply a drip of blue loctite to each screw before tightening.
 - Tighten the screws to a torque of 20 inch lbs.
4. **Attaching the Scope:**
 - Once the bases are mounted, attach your scope using compatible rings.
 - Adjust the scope for proper eye relief according to your preference.

Usage

- Always check the scope alignment and secure attachment before each use.
- Make adjustments to the scope settings as necessary for optimal performance.
- Store your rifle in a safe location when not in use.

Disposal Instructions

- Dispose of packaging materials responsibly, following local recycling guidelines.

- If the product is no longer in use, consult local waste management for proper disposal methods.
- Do not dispose of the product in household waste; follow local regulations for hazardous materials if applicable.

Contact Information for Further Support

For any questions or concerns regarding the MAUSER 98 Large Ring Scope Bases, please refer to the manufacturer's website or contact your local dealer for assistance. Ensure that you have the product details at hand for a more efficient support experience.

Thank you for your attention to these safety guidelines. Your safety is our priority.
