

# MAUSER 98 LARGE RING SCOPE BASES - EGW MAUSER 98 LARGE RING UNDRILLED 0 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Mauser 98 Large Ring Scope Bases. Rifle bases precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

## Attributes

# MAUSER 98 LARGE RING SCOPE BASES Safety Instruction Guide

## Introduction

Thank you for choosing the EGW Mauser 98 Large Ring Scope Bases. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. Please read this manual carefully before installation and use.

## General Safety Guidelines

- Ensure that the scope bases are compatible with your rifle model before installation.
- Always handle firearms and related accessories with care, following all safety protocols and regulations.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the scope bases for any signs of wear or damage.
- In case of any product malfunction, cease use immediately and consult a qualified gunsmith.

## Specific Safety Precautions for Use

- Use only Picatinny or Weaver scope rings as recommended.
- Do not exceed the recommended torque of 20 inch lbs when securing the screws.
- Apply a drop of blue loctite to the screws for added security, but ensure that it does not interfere with the mounting process.
- Ensure that the rifle is unloaded and pointed in a safe direction when installing the scope bases.
- Do not modify the scope bases in any way, as this may compromise their safety and effectiveness.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a socket head Torx® wrench.
- Ensure that your rifle is unloaded and placed on a stable surface.

### 2. Installation:

- Align the EGW Mauser 98 Large Ring Scope Bases with the mounting holes on your rifle.
- Insert the socket head Torx® screws into the bases and handtighten them first.
- Use the wrench to tighten the screws to a torque of 20 inch lbs.
- Apply a drop of blue loctite to each screw to secure them in place.

### 3. Adjustment:

- Once the bases are securely mounted, attach your scope using compatible rings.
- Adjust the eye relief as needed for your shooting position.

### 4. Final Check:

- Verify that all screws are tightened and that the scope is securely mounted.
- Perform a function check to ensure that the rifle operates correctly with the new scope bases.

## Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.

- If the product is no longer in use, consider recycling the aluminum components where possible.
- Do not dispose of the product in regular household waste.

## Contact Information for Further Support

For safety inquiries or further assistance, please refer to the contact details provided by your retailer or manufacturer. Ensure you have the product information ready for efficient support.

This safety instruction guide is designed to help you use the EGW Mauser 98 Large Ring Scope Bases safely and effectively. For your safety and the safety of others, please follow these guidelines closely. Thank you for your attention to safety.
