

# HANDI RIFLE SCOPE BASES - EGW NEF/HNR HANDI RIFLE 20 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW New England Firearms/Harrington and Richardson Handi Rifle Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

# HANDI RIFLE SCOPE BASES EGW NEF/HNR HANDI RIFLE 20 MOA Safety Instruction Guide

## Introduction

Thank you for purchasing the HANDI RIFLE SCOPE BASES EGW NEF/HNR HANDI RIFLE 20 MOA. This guide provides essential safety information, installation instructions, and usage guidelines to ensure safe and effective use of your product. Please read this document carefully before use.

## General Safety Guidelines

- Always handle firearms and firearm accessories with care and respect.
- Ensure that the firearm is unloaded before installing or adjusting the scope base.
- Use the product only for its intended purpose, which is to mount scopes on the NEF/Harrington and Richardson Handi Rifle.
- Regularly inspect the scope base for any signs of damage or wear.
- Store the product in a dry, secure location away from children and unauthorized users.
- Follow all local laws and regulations regarding firearm accessories.

## Specific Safety Precautions for Use

- Ensure that the mounting surface is clean and free from debris before installation.
- Do not exceed the recommended torque of 20 inch lbs when securing the scope base.
- Use a drop of blue Loctite on the screws to prevent loosening due to recoil.
- Avoid using excessive force during installation to prevent damage to the firearm or scope base.
- If you experience any issues with the scope base, discontinue use immediately and seek professional assistance.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather the necessary tools: a socket head Torx® wrench and blue Loctite.
- Ensure that your rifle is unloaded and pointed in a safe direction.

### 2. Installation Steps:

- Locate the factory scope mount holes on the receiver of your Handi Rifle.
- Align the EGW scope base with the mount holes.
- Insert the provided Torx® screws into the holes and handtighten them.
- Using the Torx® wrench, tighten the screws to a torque of 20 inch lbs.
- Apply a small drop of blue Loctite to each screw to secure them in place.

### 3. Adjusting the Scope:

- Once the scope base is securely installed, mount your scope using Picatinny or Weaver rings.
- Adjust the scope for eye relief according to your preference.

### 4. PostInstallation Check:

- Doublecheck that all screws are tightened and that the scope is securely mounted.
- Perform a function check on your rifle to ensure it operates correctly with the new scope base.

## **Disposal Instructions**

- Dispose of any packaging materials responsibly, following local recycling guidelines.
- If the product becomes damaged or is no longer usable, dispose of it in accordance with local regulations for metal waste.

## **Contact Information for Further Support**

For any questions or concerns regarding the HANDI RIFLE SCOPE BASES EGW NEF/HNR HANDI RIFLE 20 MOA, please refer to the manufacturer's contact information provided with your product packaging or visit the manufacturer's website for further assistance.

Thank you for choosing the HANDI RIFLE SCOPE BASES EGW NEF/HNR HANDI RIFLE 20 MOA. We hope you enjoy safe and successful shooting experiences with your new scope base.
