

REMINGTON 541 SCOPE BASES - EGW REMINGTON 541 0 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Remington 541 Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to $\pm .002$ ". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

Safety Instruction Guide for REMINGTON 541 SCOPE BASES EGW REMINGTON 541 0 MOA

Introduction

Thank you for choosing the EGW Remington 541 Scope Bases. This guide provides essential safety information to ensure the safe use of the product. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure that you are familiar with the operation of your firearm before installing or using the scope bases.
- Always handle firearms with care and follow all applicable safety rules and regulations.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check for updates on product recalls or safety notices through official channels.
- If you experience any issues or concerns regarding the product, seek assistance promptly.

Specific Safety Precautions for Use

- Use only with compatible scope rings (Picatinny or Weaver).
- Do not exceed the recommended torque of 20 inch lbs when mounting the scope bases.
- Always use a drip of blue Loctite during installation to secure the screws.
- Inspect the scope bases regularly for any signs of wear or damage.
- If the scope bases become damaged, discontinue use immediately and replace them.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and materials, including a socket head Torx® wrench and blue Loctite.
- Ensure the firearm is unloaded and pointed in a safe direction.

2. Installation

- Locate the factory scope mount holes on the receiver of your Remington 541.
- Align the EGW scope base with the mount holes, ensuring a proper fit.
- Insert the socket head Torx® screws into the mount holes, securing the scope base to the firearm.
- Use the wrench to tighten the screws to a torque of 20 inch lbs.
- Apply a drip of blue Loctite to each screw to prevent loosening.

3. Usage

- Once installed, attach your Picatinny or Weaver scope rings and mount the scope securely.
- Adjust the eye relief as needed for comfortable viewing through the scope.
- Regularly check the tightness of the screws and the integrity of the installation.

Disposal Instructions

- Dispose of the product responsibly in accordance with local regulations.
- Do not dispose of the product in household waste. Check for recycling options in your area.
- If the product is damaged beyond use, please ensure that it is disposed of safely to prevent injury.

Contact Information for Further Support

For any inquiries or further assistance regarding the EGW Remington 541 Scope Bases, please refer to the appropriate contact channels provided by your retailer or manufacturer.

By following these safety instructions, you can ensure a safe and effective experience with your EGW Remington 541 Scope Bases. Thank you for your attention to safety.
