

REMINGTON 700 LONG ACTION F-CLASS HD SCOPE BASES - EGW

REMINGTON 700 LONG ACTION F-CLASS 0 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Remington 700 Long Action F-Class Heavy Duty Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Heavy Duty mounts are .100" lower than the Lightweight mounts to minimize weight and keep your optic closer to the barrel centerline for improved accuracy. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid extruded 7075 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite.

Safety Instruction Guide for REMINGTON 700 LONG ACTION FCLASS HD SCOPE BASES

Introduction

Thank you for choosing the EGW Remington 700 Long Action FClass Heavy Duty Scope Bases. This guide provides essential safety instructions to ensure safe and effective use of your scope bases. Please read and follow these guidelines carefully to maximize safety and performance.

General Safety Guidelines

- Ensure the product is used in accordance with all local laws and regulations regarding firearms and accessories.
- Inspect the scope bases before each use for any signs of damage or wear.
- Always handle firearms responsibly and with care, following all safety protocols.
- Keep the scope bases and all firearm accessories out of reach of children and unauthorized individuals.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before installing or adjusting the scope bases.
- Use appropriate tools and follow the installation instructions carefully to avoid damaging the scope bases or the firearm.
- Do not exceed the recommended torque of 20 inch lbs when securing the scope bases.
- Use a drop of blue Loctite on screws to prevent loosening during use.
- Avoid using the scope bases in extreme conditions that could affect their integrity, such as excessive heat or moisture.
- If you notice any unusual movement or instability in the scope after installation, discontinue use immediately and inspect the installation.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools: socket head Torx® screws and wrench.

2. Installation:

- Align the scope bases with the factory scope mount holes on the firearm's receiver.
- Insert the screws into the predrilled holes.
- Tighten the screws carefully to the recommended torque of 20 inch lbs.
- Apply a drop of blue Loctite to the screws to secure them in place.

3. Usage:

- Once installed, attach your Picatinny or Weaver scope rings to the scope bases.
- Adjust the scope for eye relief and ensure it is securely mounted before use.
- Regularly check the tightness of the screws and the stability of the scope during use.

Disposal Instructions

- Dispose of the scope bases in accordance with local regulations regarding metal and electronic waste.
- Do not dispose of the product in regular household waste. Check for recycling programs or designated disposal sites in your area.

Contact Information for Further Support

For questions or concerns regarding the safety and use of your scope bases, please reach out to the manufacturer or your local dealer for assistance.

By following these guidelines, you can ensure the safe and effective use of your REMINGTON 700 LONG ACTION FCLASS HD SCOPE BASES. Thank you for your attention to safety.
